Le Testament Inavouable:

Le testament d'un ange Bruno Moutard, 2007-02 Inheritance in Nineteenth-century French Culture Andrew J. Counter, 2017-07-05 The transmission of wealth between generations was not only a narrative commonplace in nineteenth century France but also a topic of considerable cultural anxiety and intense political debate In this study Andrew J Counter draws on a wealth of previously unexplored material to show how the theme of inheritance in literature and beyond acquired ethical historical and ideological connotations and was vital to nineteenth century French conceptions of the family and of the legacy of the Revolution Weaving together fiction drama legal texts historiographical thought and political writing Inheritance in Nineteenth Century French Culture teases out a complex leitmotiv that gives us a new understanding of nineteenth century France's sense of its own place in history It also proposes innovative readings of writers as familiar as Honore de Balzac George Sand Guy de Maupassant and Emile Zola while drawing attention to a range of neglected authors and works **Blanchot** Leslie Hill, 2002-01-04 Blanchot provides a compelling insight into one of the key figures in the development of postmodern thought Although Blanchot's work is characterised by a fragmentary and complex style Leslie Hill introduces clearly and accessibly the key themes in his work He shows how Blanchot questions the very existence of philosophy and literature and how we may distinguish between them stresses the importance of his political writings and the relationship between writing and history that characterised Blanchot's later work and considers the relationship between Blanchot and key figures such as Emmanuel Levinas and Georges Bataille and how this impacted on his work Placing Blanchot at the centre stage of writing in the twentieth century Blanchot also sheds new light on Blanchot's political activities before and after the Second World War This accessible introduction to Blanchot's thought also includes one of the most comprehensive bibliographies of his writings of the last twenty years Spécial-police : L'Assassin, s'il vous plaît ?
