Imagination et histoire ,2014 Ego-histories of France and the Second World War Manuel Bragança, Fransiska Louwagie, 2018-03-21 This volume presents the intellectual autobiographies of fourteen leading scholars in the fields of history literature film and cultural studies who have dedicated a considerable part of their career to researching the history and memories of France during the Second World War Based in five different countries Margaret Atack Marc Dambre Laurent Douzou Hilary Footitt Robert Gildea Richard J Golsan Bertram M Gordon Christopher Lloyd Colin Nettelbeck Denis Peschanski Ren e Poznanski Henry Rousso Peter Tame and Susan Rubin Suleiman have played a crucial role in shaping and reshaping what has become a thought provoking field of research This volume which also includes an interview with historian Robert O Paxton clarifies the rationales and driving forces behind their work and thus behind our current understanding of one of the darkest and most vividly remembered pages of history in contemporary France Territoires de la non-fiction ,2020-09-25 Si les si cles qui pr c daient avaient vu le couronnement du roman la litt rature du XXIe si cle d bute avec le triomphe du document critiques de voyage d investigation enqu tes judiciaires ou ethnologiques autobiographies factographies factions rapports et enregistrements litt raires et autres formes de r cits refusant de se dire fictions occupent nos librairies merge sous nos yeux une toute nouvelle litt rature d information de t moignage d inventaire ou de documentation Or ces textes ne se contentent pas de d jouer les crit res des classements des biblioth ques et d intriguer les th oriciens du r cit ils modifient profond ment les cat gories du litt raire et imposent leur po tique propre C est dire si l heure est inventorier et comprendre les territoires de la non fiction genre capital de notre contemporain If the previous centuries had seen the crowning of the novel the literature of the 21st century begins with the triumph of the document travel writings investigative criminal or ethnological investigations autobiographies factographies literary reports and recordings and other forms of narrative that refuse to call themselves fictions occupy our bookstores a whole new literature of information testimony inventory or documentation is emerging before our eyes Yet these texts not only thwart the criteria of library classifications and intrigue narrative theorists they also profoundly modify the categories of the literary and impose their own poetics In other words the time has come to inventory and understand the territories of non fiction the capital genre of our time **Salamis of Cyprus** Sabine Rogge, Christina Ioannou, Theodoros Mavrojanis, 2019 In May 2015 an international conference organised by the University of Cyprus and the Cypriot Department of Antiquities was held in Nicosia a conference which could well be called the largest ever symposium on ancient Salamis During the three day event some 60 scholars from many countries presented their current research on this important and spectacular archaeological site on the east coast of the island of Cyprus Two generations of scholars met in Nicosia during the conference an older one whose relationship with ancient Salamis can be characterized as very direct since many representatives of that generation had actively participated in the extremely productive excavations at that spot until these activities came to an abrupt end in the

summer of 1974 due to the Turkish invasion and a younger generation which is of course lacking this very direct contact The conference successfully connected the older with the younger generation and thus contributed to maintaining and renewing the interest in ancient Salamis This richly illustrated book compiles most of the lectures presented during the conference It might be regarded as a tribute to Salamis an outstanding ancient city which existed for more than one and a half millennia eventually under the name of Constantia

Solange Corbin et les débuts de la musicologie médiévale Christelle Cazaux-Kowalski, Jean Gribenski, Isabelle His (Dir.), 2015 Le présent ouvrage rassemble la plupart des conférences prononcées lors d'un colloque international qui s'est tenu à l'université de Poitiers en novembre 2011 à l'occasion du cinquantième anniversaire de la création du Département de musicologie de cette université 1961 les organisateurs avaient souhaité rendre hommage à celle qui était l'origine de cette fondation et en était devenue tout naturellement la première responsable La partie centrale de ce livre s'efforce de cerner l'apport de Solange Corbin 1903-1973 la musicologie médiévale Spécialiste des répertoires de chant de la Chrétienté latine son approche historique et musicologique doublée d'une réflexion anthropologique en fait une figure pionnière de la musicologie médiévale française d'après guerre En replaçant le chant et plus largement la musique dans le contexte liturgique et culturel de la civilisation tard antique et médiévale Solange Corbin a ouvert la voie à une approche de la musique médiévale différente de celle qui était pratiquée dans les institutions religieuses médiévales du patrimoine liturgique latin Une partie introductive est consacrée à sa carrière et une section finale présente des réflexions sur des domaines de recherche que Solange Corbin n'a pas elle-même explorés mais qu'elle a soutenus et encouragés En annexe figurent la liste des thèses soutenues sous sa direction puis celle de ses propres critiques enfin un certain nombre de documents illustrant la vie du Département de 1961-1973 Page 4 de la couverture

Streghe, sciamani, visionari Cora Presezzi, 2020-01-24T16:00:00+01:00 Esito di un lungo e tortuoso percorso di ricerca Storia notturna il capolavoro che Carlo Ginzburg ha consacrato al tentativo di spiegare la genesi storica dello stereotipo del sabba stregonesco nella forma in cui questo si cristallizzò tra la fine del XIV e l'inizio del XVI secolo durante i

processi inquisitoriaux contre hommes et femmes accusés de sorcellerie. Ce qui rend cette œuvre extraordinaire, le fait que le studio du sabbat soit abordé avec des outils de type historiographique et en même temps avec des outils morphologiques à partir du studio de mythes et rituels provenant d'un très grand nombre de cultures dispersées dans l'espace et dans le temps. Ensemble à un essai rétrospectif de Ginzburg, le volume rassemble des interventions de spécialistes de diverses disciplines : ébraïstique, histoire du christianisme, histoire des religions, philosophie. Les études ici rassemblées témoignent de la persistante fécondité des questions posées par l'histoire nocturne, aussi dans des champs moins marqués par le vaste débat international qui depuis trente ans la concerne. Complète le volume la bibliographie intégrale des écrits de Carlo Ginzburg.

Musiciennes en duo Caroline Giron-Panel, 2015. Des trompeteresses au Moyen Âge des directrices de troupes théâtrales à la baroque des femmes organistes en nombre avant la Révolution des compositrices du 19^e siècle en leur temps quoique oubliées de nos jours tant de musiciennes enfin d'hier aujourd'hui. Un continent englouti reparait ici soutenant de son insistance pressentie les revendications actuelles de féminisation des métiers de la musique. Mais au-delà de cette nécessaire mise en lumière ce livre pose une question nouvelle : comment ces musiciennes ont-elles réussi à exprimer leur art en vivant aux côtés d'hommes et de femmes également artistes ? Qu'elles en soient filles, sœurs, mères, compagnes ou amies, comment ces musiciennes sont-elles parvenues à accomplir en tant qu'interprètes ou compositrices. Loin d'être univoques les réponses déclinent des nuances inattendues qui remettent en cause bien des stéréotypes de genre et permettent de dépasser le cliché de la femme muse inspiratrice de l'artiste. Roman mystique, mystiques romanesques Carole Auroy, Aude Préta de Beaufort, Jean-Michel Wittmann, 2018. Le roman français du siècle coule à travers des lacs qui puisent aux sources de la mystique tout en distillant ses contours. Leur expression reflète les inflexions contemporaines de la quête de sens, le regard que la littérature porte sur ses propres pouvoirs et son affrontement aux limites du langage. Gallimard.

Une philosophie dans l'histoire Jean-Marc Narbonne, Bjarne Melkevik, 2017-02-06T00:00:00-05:00. Les essais rassemblés dans ce livre sont un hommage rendu à la carrière exceptionnelle et au cheminement si fécond du professeur Raymond Klibansky. Études sur la philosophie antique et la tradition médiévale sur la Renaissance et l'époque moderne, l'élucidation de réflexion sur les enjeux démocratiques contemporains et la dimension dialogique de la recherche en philosophie : ces textes font connaître certaines des préoccupations majeures du travail poursuivi par Klibansky sur plusieurs décennies. Cette diversité loin d'être un obstacle rejoint ici l'une des convictions les plus profondes du personnage : le livre pour lequel l'œuvre de vérité elle-même est intrinsèquement multiforme et ne saurait sans danger être réduite à une approche ou un discours particulier. Una veritas in variis signis resplendet non ait Nicola de Cues que Klibansky s'est souvent plu citer, ce qui traduit bien l'esprit même de son œuvre et de son parcours. Après la préface du professeur Melkevik et la mise en contexte de Michel Deleuze, le lecteur pourra compter sur les contributions savantes des professeurs Naddaf Dorion Eberle, Narbonne Lafleur et Simard. relevant in the societies where slavery existed and which participated in the Atlantic slave trade The book draws on a variety of case studies to investigate its central questions How have social actors and groups in Europe Africa and the Americas engaged with the slave past of their societies Are there any relations between the demands to rename streets of Liverpool in England and the protests to take down Confederate monuments in the United States How have black and white social actors and scholars influenced the ways slavery is represented in George Washington's Mount Vernon and Thomas Jefferson's Monticello in the United States How do slave cemeteries in Brazil and the United States and the walls of names of Whitney Plantation speak to other initiatives honoring enslaved people in England and South Africa What shared problems and goals have led to the creation of the International Slavery Museum in Liverpool and the National Museum of African American History and Culture in Washington DC Why have artists used their works to confront the debates about slavery and its legacies The important debates addressed in this book resonate in the present day Arguing that memory of slavery is racialized and gendered the book shows that more than just attempts to come to terms with the past debates about slavery are associated with the persistent racial inequalities racism and white supremacy which still shape societies where slavery existed Slavery in the Age of Memory Engaging the Past is thus a vital resource for students and scholars of the Atlantic world the history of slavery and public history

Decolonising Imperial Heroes Max Jones, Berny Sèbe, Bertrand Taithe, Peter Yeandle, 2017-10-02 The heroes of the British and French empires stood at the vanguard of the vibrant cultures of imperialism that emerged in Europe in the second half of the nineteenth century Their stories are well known Scholars have tended to assume that figures such as Livingstone and Gordon or Marchand and Brazza vanished rapidly at the end of empire Yet imperial heroes did not disappear after 1945 as British and French flags were lowered around the world On the contrary their reputations underwent a variety of metamorphoses in both the former metropolises and the former colonies This book develops a framework to understand the complex legacies of decolonisation both political and cultural through the case study of imperial heroes We demonstrate that the decolonisation of imperial heroes was a much more complex and protracted process than the political retreat from empire and that it is still an ongoing phenomenon even half a century after the world has ceased to be painted in red Whilst Decolonising Imperial Heroes explores the appeal of the explorers humanitarians and missionaries whose stories could be told without reference to violence against colonized peoples it also analyses the persistence of imperial heroes as sites of political dispute in the former metropolises Demonstrating that the work of remembrance was increasingly carried out by diverse fragmented groups of non state actors in a process we call the privatisation of heroes the book reveals the surprising rejuvenation of imperial heroes in former colonies both in nation building narratives and as heritage sites This book was originally published as a special issue of the *Journal of Imperial and Commonwealth History*

Catholic Pentecostalism and the Paradoxes of Africanization Ludovic Lado, 2009 Through an ethnographic study of a Charismatic movement in Cameroon and Paris the book explores the dialectics between a
