Equality and the Family Don S. Browning,2007 In *Equality and the Family* Don Browning pulls together essays he has published in the past in order to shed light on the path we should take in the future He contends that practical theology can be envisioned as a practical research program and he uses the very concrete example of the family to illustrate how this works Though it may sound unlikely that equality in the family can be based on Christian ideas Browning insists that it can and that it should His desire is to be pro family and pro marriage in ways that create justice and equality within the family Based on this goal he argues for the church s ideal model of the mother father partnership to be balanced with an understanding and acceptance of the pluralism of family forms as a part of modern life including church life A brief

introduction of each essay is included to help the reader understand the original context of the piece **Through the Lens of Anthropology** Robert J. Muckle,Laura Tubelle de González,Stacey L. Handbook of Marriage and the Family Marvin B. Sussman,Suzanne K. Steinmetz,Gary W. Peterson,2013-06-29 To know where we are going as scholars educators and practitioners in the field of marriage and family life we first need to know where we have been A perusal of early texts on marriage and family life provides some thought provoking insights into the accuracy of the saying what goes around comes around It is interesting to note who has been considered to be in a position to provide information on marriage and family life Included in the eclectic collection of texts we reviewed were ministers whose focus was on spirituality doctors who emphasized medical aspects of child and adult health and public health professionals and home economists concerned with fighting disease who emphasized cleanliness order fighting germs and eliminating rodents and insects There are also philosophers who drew from ancient texts when discussing family life and a count who assembled a group of German intellectual elites to address various topics An insightful essay of this type is by Marta Karlweis 1926 in which she notes There is no other fetish that society holds to so firmly as the conception woman with all its usual associations of infantilism and dependence The child requires protection is a minor and consequently a serf but above all it possesses no spiritual existence Neither doctorates or other distinctions nor the right to vote have as yet been able to dispel this sweet idea of the childishness of woman which man cherishes p **The Family** John B. Southeast Asian Journal of Social Science, 1979 *Social Change and the Family in Taiwan* Arland Thornton, Hui-Sheng Lin, 1994 Until the 1940s social life in Taiwan was generally organized through the family marriages were arranged by parents for example and senior males held authority In the following years as Taiwan evolved rapidly from an agrarian to an industrialized society individual decisions became less dependent on the family and more influenced by outside forces *Social Change and the Family in Taiwan* provides an in depth analysis of the complex changes in family relations in a society undergoing revolutionary social and economic transformation This interdisciplinary study explores the patterns and causes of change in education work income leisure time marriage living arrangements and interactions among extended kin Theoretical chapters enunciate a theory of family and social change centered on the life course and modes of social organization Other chapters look at the shift from arranged marriages toward love matches as well as changes in dating practices premarital sex fertility and divorce Contributions to the book are made by Jui Shan Chang Ming Cheng Chang Deborah S Freedman Ronald Freedman Thomas E Fricke Albert Hermalin Mei Lin Lee Paul K C Liu Hui Sheng Lin Te Hsiung Sun Arland Thornton Maxine Weinstein and Li Shou Yang The Living Church, 1947 Reading 1 Corinthians with Philosophically Educated Women Nathan John Barnes, 2014-03-28 Women were involved in every popular philosophy in the first century and the participation of women reaches back to the Greek origins of these schools Philosophers often taught their daughters wives and other friends the basic tenets of their thinking The Isthmian games and a tolerance for independent thinking made Corinth an attractive place for philosophers to engage in dialogue and debate further facilitating the philosophical education of women The activity of philosophically educated women directly informs our understanding of 1 Corinthians when Paul uses concepts that also appear in popular moral philosophy This book explores how philosophically educated women would interact with three such concepts marriage and family patronage and self sufficiency Family Transformed Steven M. Tipton, John Witte Jr., 2005-11-18 Statistics on the American family are sobering From 1975 to 2000 one third of all children were born to single mothers and one half of all marriages ended in divorce While children from broken homes are two to three times more likely to develop behavioral and learning difficulties two parent families are not immune to problems The cost of raising children has increased dramatically and married couples with children are now twice as likely as childless couples to file for bankruptcy Clearly the American family is in trouble But how this trouble started and what should be done about it remain hotly contested In a multifaceted analysis of the current state of a complex institution *Family Transformed* brings together outstanding scholars from the fields of anthropology demography ethics history law philosophy primatology psychology sociology and theology Demonstrating that the family is both distinctive in its own right and deeply interwoven with other institutions the authors examine the roles of education work leisure consumption legal

regulation public administration and biology in shaping the ways we court and marry bear and raise children and make and break family bonds International in approach this wide ranging volume situates current American debates over sex marriage and family within a global framework Weighing mounting social science evidence that supports a continued need for the nuclear family while assessing the challenges posed by new advocacy for same sex marriage and delegatized coupling the authors argue that only by reintegrating the family into a just moral order of the larger community and society can we genuinely strengthen it This means not simply upholding traditional family values but truly grasping the family s growing diversity sustaining its coherence and protecting its fragility for our own sake and for the common good of society Ethics Based on the Science of Evolution Robert Gordon, Robert Gordon Ph. D., 2003 Towards the end of 1943 and during all of 1944 the war on all Fronts was relentlessly and violently building to a dangerous and complex climax Although the Allies had massively invaded Europe in the early summer of 1944 we didn t see German capitulation for almost a year and even then only after the Russians renewed from their awful Battle of Stalingrad were rolling west into the very heartland of Germany taking Berlin block by block building by building With equal ferocity the Allies had rolled east Eisenhower was poised fifty miles west at the Elbe River April 30th Hitler killed himself Two days later Berlin capitulated American losses in Europe totaled 170 000 The German end came fast Although the World celebrated Victory in Europe on May 5th Germans had been surrendering in big numbers through late April and early May By May 15th Allies had imprisoned five million German military personnel Some of the best news I heard was the surrender of 153 German submarines The foe in the Pacific would prove as implacable In contrast to the land war in Europe for us the war in the Pacific had always been a sea war with island invasions and battles taking place over great distances A few months after Pearl Harbor the author went to war in the Engineering Department of a shipyard in Los Angeles Harbor and enjoyed a brief but rigorous engineering apprenticeship earning an Industrial Deferment which required draft board renewal every six months In late summer of 1943 the U S Merchant Marine Academy accepted him but with a string attached Unlike the other three Federal academies this Academy required a six month tour of duty at sea preceded by ninety days of Basic Training wartime or peacetime
