## **Marshals Law English Edition:**

**Martial Law and English Laws, c.1500-c.1700** John M. Collins,2016-05-19 John M Collins presents the first comprehensive history of martial law in the early modern period He argues that rather than being a state of exception from law martial law was understood and practiced as one of the King s laws Further it was a vital component of both England s domestic and imperial legal order It was used to quell rebellions during the Reformation to subdue Ireland to regulate English plantations like Jamestown to punish spies and traitors in the English Civil War and to build forts on Jamaica Through outlining the history of martial law Collins reinterprets English legal culture as dynamic politicized and creative where jurists were inspired by past practices to generate new law rather than being restrained by it This work asks that legal history once again be re integrated into the cultural and political histories of early modern England and its empire **Military**
