**It's the absence of self. This absence is described as a hole in your soul. You can't love others when you're empty inside. Recovery peels back the painful layers and heals that hole through connection, honesty and hard work. To love one self is the beginning of a lifetime recovery.**

*Addiction Therapy and Treatment* Larry Fritzlan, LMFT, Avis Rumney, LMFT, 2023-01-17 Addiction is a national mental and medical health crisis responsible for untold costs to society and severe suffering to innumerable people Yet addiction treatment as it is now practiced fails half the time The current treatment approach has changed little in the last 80 years and is a hodgepodge of often shady treatment approaches This book presents a radically different addiction treatment paradigm based on science evidence and best practices and has a success rate approaching 100% when followed closely This model should profoundly upend the current addiction treatment industry Nearly every addict lives in a social system a family workplace or community that enables and supports often unconsciously the addict s addiction Instead of the current addict focused approach this

model extends treatment to the entire support system starting treatment with the concerned family members This model also proposes a single provider the family recovery therapist who manages treatment for the addict and the family from the first phone call through the first year of continuous sobriety This book offers simple recommendations to both addiction treatment providers and family members impacted by this disease It serves as a beacon of hope for families **Addicted to Rehab**

Allison McKim,2017-07-03 After decades of the American war on drugs and relentless prison expansion political officials are finally challenging mass incarceration Many point to an apparently promising solution to reduce the prison population addiction treatment In *Addicted to Rehab* Bard College sociologist Allison McKim gives an in depth and innovative ethnographic account of two such rehab programs for women one located in the criminal justice system and one located in the private healthcare system two very different ways of defining and treating addiction McKim s book shows how addiction rehab reflects the race class and gender politics of the punitive turn As a result addiction has become a racialized category that has reorganized the link between punishment and welfare provision While reformers hope that treatment will offer an alternative to punishment and help women McKim argues that the framework of addiction further stigmatizes criminalized women and undermines our capacity to challenge gendered subordination Her study ultimately reveals a two tiered system bifurcated by race and class *Principles and Practice of Group Work in Addictions* Robert Hill,Jennifer Harris,2011-04-20
