English 1st Language Hg 2013 Memo:

Assessing English Language Proficiency in U.S. K-12 Schools Mikyung Kim Wolf, 2020-05-31 Assessing English Language Proficiency in U S K 12 Schools offers comprehensive background information about the generation of standards based English language proficiency ELP assessments used in U S K 12 school settings The chapters in this book address a variety of key issues involved in the development and use of those assessments defining an ELP construct driven by new academic content and ELP standards using technology for K 12 ELP assessments addressing the needs of various English learner EL students taking the assessments connecting assessment with teaching and learning and substantiating validity claims Each chapter also contains suggestions for future research that will contribute to the next generation of K 12 ELP assessments and improve policies and practices in the use of the assessments This book is intended to be a useful resource for researchers graduate students test developers practitioners and policymakers who are interested in learning more about large scale standards based ELP assessments for K 12 EL students *Fairness, Justice and Language Assessment* Tim McNamara, Ute Knoch, 2019-02-21 This book has two goals each related to the validity of language assessment The first goal is to explore the difference between fairness and justice in language assessment The authors distinguish internal and external dimensions of the equitable and just treatment of individuals taking language tests which are used as gatekeeping devices to determine access to education and employment immigrant status citizenship and other rights The second goal is to show how the extent of test fairness can be demonstrated and improved using the tools of psychometrics in particular the models collectively known as Rasch measurement This book will have an enormous impact on the field of language assessment Using Rasch analysis models to explore and identify sources of unfairness the authors make a compelling case for fairness in the design and implementation of language assessment instruments and for justice in the interpretation and use of test results A real strength of the book is that it guides readers through analytical techniques in an accessible way Dan Douglas Professor Emeritus Applied Linguistics Program Iowa State University *Internationalists in European History* Jessica Reinisch, David Brydan, 2021-01-28 Representing a crucial intervention in the history of internationalism transnationalism and global history this edited collection examines a variety of international movements organisations and projects developed in Europe or by Europeans over the course of the 20th century Reacting against the old Eurocentrism much of the scholarship in the field has refocussed attention on other parts of the globe This volume attempts to rethink the role played by ideas people and organisations originating or located in Europe including some of their consequential global impact The chapters cover aspects of internationalism such as the importance of language communication and infrastructures of internationalism ways of grappling with the history of internationalism as a lived experience and the roles of European actors in the formulation of different and often competing models of internationalism It demonstrates that the success and failure of international programmes were dependent on participants ability to communicate across linguistic but

also political cultural and economic borders By bringing together commonly disconnected strands of European history and history from below this volume rebalances and significantly advances the field and promotes a deeper understanding of internationalism in its many historical guises The volume is conceived as a way of thinking about internationalism that is relevant not just to scholars of Europe but to international and global history more generally **The Global Histories of Books** Elleke Boehmer, Rouven Kunstmann, Priyasha Mukhopadhyay, Asha Rogers, 2017-07-26 This book is an edited volume of essays that showcases how books played a crucial role in making and materialising histories of travel scientific exchanges translation and global markets from the late eighteenth century to the present While existing book historical practice is overly dependent on models of the local and the national we suggest that approaching the book as a cross region travelling and therefore global object offers new approaches and methodologies for a study in global perspective By thus studying the book in its transnational and inter imperial textual inter textual and material dimensions this collection will highlight its key role in making possible a global imagination shaped by networks of print material readers publishers and translators
