How To Write A Dairy

10:15 a.m.

Today our school took us to Alipuri Zoo. It was my first zoo visit so I was very excited for this trip. The trip started from 9 a.m. from school by school bus. Teachers provided us breakfast in bus. After 1 hour we reached to the Zoo. First we saw colourful parrots and birds. They looked sad in their cage. The tiger and lion were in separate big boundary. They are well fed and medically fit. But apart from all the facilities

Long,2016-09-05 This book which presents the whole splendid history of English literature from Anglo Saxon times to the close of the Victorian Era has three specific aims The first is to create or to encourage in every student the desire to read the best books and to know literature itself rather than what has been written about literature The second is to interpret literature both personally and historically that is to show how a great book generally reflects not only the author s life and thought but also the spirit of the age and the ideals of the nation s history The third aim is to show by a study of each successive period how our literature has steadily developed from its first simple songs and stories to its present complexity in prose and poetry To carry out these aims we have introduced the following features 1 A brief accurate summary of historical events and social conditions in each period and a consideration of the ideals which stirred the whole nation as in the days of Elizabeth before they found expression in literature 2 A study of the various literary epochs in turn showing what each gained from the epoch preceding and how each aided in the development of a national literature 3 A readable biography of every important writer showing how he lived and worked how he met success or failure

how he influenced his age and how his age influenced him 4 A study and analysis of every author's best works and of many of the books required for college entrance examinations 5 Selections enough especially from earlier writers and from writers not likely to be found in the home or school library to indicate the spirit of each author's work and directions as to the best works to read and where such works may be found in inexpensive editions 6 A frank untechnical discussion of each great writer's work as a whole and a critical estimate of his relative place and influence in our literature **English Literature (illustrated)** WILLIAM J. understanding of the relation between literature and politics in Kafka's work. At the level of content the stereoscopic style offers a representation of the basic order of a specific community. At the level of form the stereoscopic style is structured as the juxtaposition of two dissimilar images of the same community. At the level of function finally the style provokes a reconsideration and perhaps even a reconfiguration of the social order itself. With insights from literary studies, philosophical aesthetics and political theory, Kafka's *Stereoscopes* offers a detailed but highly readable argument for the relevance of Kafka's literary works in today's political reality. *English Literature By William J Long - Its History and Its Significance for the Life of the English-Speaking World* EduGorilla Prep Experts, 2022-09-01

The first biography of an American master, *The Songs We Know Best*, the first comprehensive biography of the early life of John Ashbery, the winner of nearly every major American literary award, reveals the unusual ways he drew on the details of his youth to populate the poems that made him one of the most original and unpredictable forces of the last century in arts and letters. Drawing on unpublished correspondence, juvenilia, and childhood diaries, as well as more than one hundred hours of conversation with the poet, Karin Roffman offers an insightful portrayal of Ashbery during the twenty-eight years that led up to his stunning debut *Some Trees*, chosen by W. H. Auden for the 1955 Yale Younger Poets Prize. Roffman shows how Ashbery's poetry arose from his early lessons both on the family farm and in 1950s New York City, a bohemian existence that teemed with artistic fervor and radical innovations inspired by Dada and surrealism, as well as lifelong friendships with painters and writers such as Frank O'Hara, Jane Freilicher, Nell Blaine, Kenneth Koch, James Schuyler, and Willem de Kooning. Ashbery has a reputation for being enigmatic and playfully elusive, but Roffman's biography reveals his deft mining of his early life for the flint and tinder from which his provocative later poems grew, producing a body of work that he calls the experience of experience, an intertwining of life and art in extraordinarily intimate ways. **Nation,**
