Beyond the Ivory Tower Brian James Baer,Geoffrey S. Koby,2003-10-27 This collection of essays by contemporary translation scholars and trainers addresses what is a critically important though often neglected field within translation studies translation pedagogy The contributors explore some of the current influences on translator training from both inside and outside the academy such as trends in foreign language pedagogy teaching methods adapted from various applied disciplines changes in the rapidly expanding language industry and new technologies developed for use both in the classroom and the workplace These various influences challenge educators to re conceptualize the translator s craft within an increasingly specialized and computerized profession and encourage them to address changing student needs with new pedagogical initiatives Combining theory and

practice the contributors offer discussion of pedagogical models as well as practical advice and sample lessons making this volume a unique contribution to the field of translation pedagogy
