by friends collaborators and former students reflect the scholarly interests that defined Professor Beasley's career and point to new directions of critical inquiry The initial essays which discuss Tobias Smollett Elizabeth Singer Rowe and Samuel Richardson suggest new directions in biographical writing including the intriguing discourse of life writing explored by Paula Backscheider Subsequent essays enrich understandings of eighteenth century fiction by examining lesser known works by Jane Barker Eliza Haywood and Charlotte Lennox Many of the essays especially those that focus on Smollett use political pamphlets material artifacts and urban legends to place familiar novels in new contexts The collection's final essay demonstrates the vital importance of bibliographic study

China is an amazing country A place that needs time and complete immersion to be able to understand I took a job as a tour leader and instantly I was out of my depth I experienced places and situations that I could never have been prepared for and all with a group of paying tourists who were looking to me for guidance However this was a steep learning curve covering language culture and history It was not long before I saw that the people who had saved up for their holiday of a lifetime were far less prepared than I was For over two and a half years I visited many parts of China and also took groups to Vietnam Nepal Mongolia and Russia All this time sampling the culture and learning as much as I could about China and this part of Asia I had some sticky situations and a lot of laughs with friends that I will keep forever Would you let me be your tour leader
