**Juran** John Butman,1997-06-27 I think I am sitting with God Such was the awestruck impression of one seminar attendee when he found himself sharing a luncheon table with Joseph Juran the man whose name has become synonymous with the concept of quality In the annals of business history the name Juran resonates with near mythic status This is the man whose thinking about quality and management revolutionized the way the world does business a living legend who along with a few other giants of our age shaped the course of industrial history Written with the support of Dr Juran and the Juran Institute Juran A Lifetime of Influence gives us an intimate look at the man his times and the evolution of the concepts of quality and management that so profoundly affect business today Dr Juran s remarkable story begins at the turn of the century in the Carpathian Mountains of Romania Joseph Juran was born in a tiny village with unpaved streets and houses with dirt floors a place that in his own words had no quality problems His journey to America in 1912 thrust him into a world of technological marvels of ocean liners and ice cream streetcars and flush toilets Poverty forced him into his first job at age nine exposing him to work experiences and conditions that kindled his interest in finding better ways to get things done John Butman s penetrating narrative explores Joseph Juran s early struggles against prejudice and how through chess languages algebra and code breaking his genius for analysis and problem solving emerged It was at Western Electric s Hawthorne Works one of the great factories of the age that Juran s lifework began to crystallize An operation of exceptional size and complexity Hawthorne gave Juran a visceral understanding of the bedrock issues of quality He learned the sound of a machine malfunctioning heard the complaints of a skilled operator betrayed by shoddy materials and discovered the consequences of poor quality control Then in a dramatic turn of events Juran was given

the chance to put his innovative skills and ideas to use as an integral part of the Lend Lease Administration effort in World War II The immense and urgent undertaking allowed Juran to throw himself into the fight against the Nazis Praise for Joe Juran has led the quality cause from its earliest days His progressive influence via this enlightening text will be virtually endless Robert W Galvin Chairman of the Executive Committee Motorola As much as anyone in the field Dr Joseph M Juran is a major influence in the business world s pursuit of quality Juran A Lifetime of Influence finally gives the great man his due Quality gurus and greenhorns alike will find much to savor in this entertaining and educational book Robert A Lutz Vice Chairman Chrysler Corporation John Butman has captured the extraordinary spirit of one of America s most remarkable pioneers Joseph M Juran in a wonderful text that reads almost like a novel Here we get a true glimpse of some of the forces that have driven Dr Juran for over 92 years and of his many breakthrough contributions to world business A Blanton Godfrey Chairman Juran Institute This book provides an intimate look at Juran s personal life while giving the reader a lucid understanding of his philosophy teachings and accomplishments G Howland Blackiston Executive Producer of the PBS television documentary An Immigrant s Gift Juran A Lifetime of Influence is a well documented easy to read biography of a remarkable man in a critical period of the twentieth century Many hitherto untold anecdotes give us insight into Dr Juran s influence on society I recommend it not only to quality professionals and business managers but also to the general public as well Yoshinao Nakada Technical Manager Bell Laboratories Lucent Technologies      **W. Edwards Deming** John C. Wood, Michael C. Wood, 2005      The Firm Duff McDonald, 2014-09-30 Star financial journalist Duff McDonald uncovers how the managing consulting firm of McKinsey Company and its high powered high priced business savants have ushered in waves of structural financial and technological shifts to the biggest and best American organizations revealing a list of world shaping successes and striking failures      **Hindsights** Guy Kawasaki, 2009-09-26 Presented in letter form here are private messages of hope from 33 exceptional individuals including actress model Renee Russo jazz musician Herbie Hancock and Body Shop founder Anita Roddick which will inspire others to overcome their own adversities and achieve richer more fulfilled lives      **In Search of Faithfulness** William E. Diehl, 2001-09-11 Why is Christian faithfulness virtually invisible in American society today Where are God s faithful people and what do they look like In an effort to answer these questions William E Diehl records the results of his own search for faithfulness I decided to look for faithfulness in those very places where it appeared not to be in the world of business for instance And I decided to use exactly the same approach used by Peters and Waterman in their best seller In Search of Excellence Using real life stories to illustrate both the successes and problems of Christian faithfulness in the world community Diehl concludes that the church must do a better job in nurturing growth in faith      **Proceedings of the 1986 Academy of Marketing Science (AMS) Annual Conference** Naresh K. **Summary of Tom Peters & Robert H. Waterman's In Search of Excellence** Everest Media, 2022-05-18T22:59:00Z Please note This is a companion version not the original book Sample Book Insights 1 The most helpful ideas were coming from the strangest places In 1962 the business historian Alfred Chandler wrote Strategy and Structure in which he expressed the very powerful notion that structure follows strategy The conventional wisdom was that Chandler's dictum had the makings of universal truth 2 The problem of management effectiveness is that the dearth of practical additions to old ways of thought is painfully apparent The stream of thought that today's researchers are tapping is an old one started in the 1930s by Elton Mayo and Chester Barnard who challenged ideas put forward by Max Weber who defined the bureaucratic form of organization 3 The role of a leader is to harness the social forces in the organization to shape and guide values Good managers are value shapers concerned with the informal social properties of organization 4 The intangibles that top performing managers describe are much more in line with Weick and March than with Taylor or Chandler They talk about family feeling small is beautiful and simplicity rather than complexity

**Return on Strategy** Michael Moesgaard, Morten Froholdt, Flemming Poulsen, 2009-12-04 Why is it that many companies meticulously following recipes on management and strategy fail Did Google Skype Ryanair Huawei and a number of other successful companies buy into a well thought out strategy and adhered to that over time How do companies deliberately opting out of the recipe game and opting into the out of the box thinking fare In short why is it that some companies achieve a higher Return on Strategy than others Whereas

Return on Investment RoI has attracted increased attention over the last couple of decades little if any attention is being paid to whether companies do at all achieve Return on Strategy RoS and how This book provides an overview of contemporary strategy literature and recipes brushed up with a view to identifying explanations as to how recipes has seldom worked as intended One out of several reasons rests on the fact that recipes do not take the so called X factor into account With the X factor as the starting point the book examines a sample of 50 global companies of which some has achieved a remarkable high Return on Strategy and others failed The 50 companies covers most continents as some are from the North America some are from the European continent and others are from different parts of the emerging Asian region threatening companies from the Western hemisphere The book explains the reason behind success and failures and provides practical tools as to how companies may increase their Return on Strategy In the toolbox you will find a framework on how to increase the Return on Strategy as well a number of dynamic positioning tools road maps and bearing points Invariably more and more companies including consultants business leaders and MBAs now work diligently in order to increase their Return on Strategy and the best of them are here to stay successfully are you **Tom Peters and Management** David
