mothers understand how and why breastfeeding is so hard. *The Kind Mama* Alicia Silverstone, 2014-04-15 When did making babies get to be so hard? Infertility is on the rise globally affecting as many as one in six couples. But instead of considering diet and lifestyle factors, doctors pump their patients full of expensive and invasive fertility treatments. Once pregnant, women just accept that carrying a baby will be the gassy, swollen, irritable, sleepless nightmare that has become the new normal, and then assume that new motherhood will be just as challenging from breastfeeding woes to screaming fits. It doesn't have to be that way. In *The Kind Mama*, Alicia Silverstone has created a comprehensive and practical guide empowering women to take charge of their fertility, pregnancy, and first 6 months with baby. Drawing on her own experience as well as that of obstetricians, midwives, nutritionists, holistic health counselors, and others, Silverstone offers advice on getting one's baby house in order through nutrient-rich foods that heal and nourish, and once pregnant, gentle ways to boost comfort, energy, and health during each trimester. She helps readers navigate everything from prenatal testing and birth plans to successful breastfeeding and creating a supportive baby nest. The result is an authoritative one-stop guide that empowers women to trust their instincts during this vital milestone while helping them embark on a healthy and more vibrant path to motherhood.

Memoirs of a Singing Birth Elena Skoko, 2011-06-05 Singer and artist Elena Skoko shares her life, thoughts, and discoveries on the path to motherhood that takes her from Croatia to Rome, from Rome to Bali in search of the perfect birth. *Memoirs of a Singing Birth* is a story of a personal quest for natural birth that ends up in a rural village in the heart of the island of Gili Trawangan with the help of guerrilla midwife Ibu Robin Lim. While giving birth, this rock n' roll woman sang. You will find out how she succeeds to overcome the labor pains by using her voice. The book describes in detail the practice of lotus birth. Above all, this is a magic love story about a woman, a man, and their child. Part of the proceeds from the sale of the book will be donated to Yayasan Bumi Sehat, a non-profit natural birth center in Bali. Women's Health Jillian M.

Duquaine-Watson, 2022-02-15 This interdisciplinary project provides an informative, accessible, and comprehensive introduction to women's health. Emphasizing the perspectives of diverse groups of women, it addresses various biological, economic, social, environmental, and political factors that influence women's health and well-being. Women are more likely than men to experience mood disorders, certain types of cancer, Alzheimer's disease, stroke, arthritis, lupus, and celiac disease. In addition, women face significantly more barriers to health care than men due to a variety of social, economic, political, and environmental factors, including inequality, poverty, legislation, and pollution. Despite this, the field of women's and girls' health remains both understudied and underfunded. *Women's Health: Understanding Issues and Influences* explores important topics in the field of women's health in the early 21st century, offering readers a comprehensive and informative yet accessible introduction to women's health in the United States. While some topics are unique to women's health, others illustrate how women's health and women's experiences within the U.S. health care system are different from men's, as well as how certain health issues impact women differently than men. Entries have been crafted by a diverse team of contributors with wide

ranging expertise and each entry features a collection of further readings and cross references to other relevant entries

An Easier Childbirth The Knowledge Press,2023-03-04 Childbirth is one of the most significant and transformative events in a woman's life. However, for many women, the experience of giving birth is associated with fear, pain, and uncertainty. While childbirth is a natural and physiological process, the medicalization of childbirth has led to an over-reliance on interventions that can lead to complications and unnecessary stress for both mother and baby. In this book, we will explore the benefits of a more natural approach to childbirth, one that emphasizes the inherent wisdom of a woman's body and the importance of a positive mindset.

Pregnancy and Childbirth Suzanne Yates,2010-02-22 Pregnancy and childbirth brings together for the first time western and eastern approaches, providing a sound amalgamation of theoretical and practical information for bodywork practitioners world-wide. It describes in detail the application of massage and shiatsu from early pregnancy, including work during labour, and for the first year postnatally for the mother. This is a useful source of information for massage therapists, shiatsu practitioners, osteopaths, physical therapists, chiropractors, reflexologists, aromatherapists, acupuncturists, yoga and Pilates instructors. For students and practitioners to use as a learning manual and reference tool, the text provides clarity of information, full-text referencing, clear diagrams, photographs, and summary boxes. Clinical accuracy reviewed by and with contributions from international specialists, including midwives, obstetricians, osteopaths, chiropractors, acupuncturists, aromatherapists, and massage therapists.

Parenting for Peace Marcy Axness,2012-01-30 If we really want to change the world, let's raise a generation hardwired for peace and innovation. Marcy Axness details a unique seven-step, seven-principle matrix for helping children achieve self-regulation, self-reflection, trust, and empathy. These qualities are the result of dynamic interactions between genetics and environment, beginning before the child is even born. Foundations for this level of health begin forming during the prenatal period, and some aspects of optimal development are influenced as early as conception.

Our Bodies, Ourselves: Pregnancy and Birth Boston Women's Health Book Collective, Judy Norsigian,2008-03-04 The trusted editors of *Our Bodies, Ourselves*, called a feminist classic by *The New York Times*, present a comprehensive guide to pregnancy and childbirth, from prenatal care and emotional well-being to how to handle the pain of childbirth. Pregnancy and birth are as ordinary and extraordinary as breathing, thinking, or loving. But as soon as you announce you're expecting, you may be bombarded with advice from every angle: well-meaning friends, relatives, medical professionals, even strangers want to weigh in on what you should or shouldn't do, and it's easy to feel overwhelmed by their conflicting recommendations. *Our Bodies, Ourselves: Pregnancy and Birth* will help you sort fact from fiction, giving you the most accurate, research-up-to-date information and the firsthand experiences of numerous women who have been exactly where you are today. You'll get the tools you need to take care of yourself and your baby during and after your pregnancy, from tips on eating well during pregnancy to strategies for coping with stress and depression. Learn everything you need to know about: Choosing a good health care provider. Selecting a place of birth. Understanding prenatal testing. Coping with

labor pain Speeding your physical recovery Adjusting to life as a new mother Our Bodies Ourselves Pregnancy and Birth is an essential resource for women that will guide you through the many decisions ahead **Holy Labor** Aubry G.

Smith,2016-09-21 Women are valued for their ability to bear children in many cultures The birth process though supposedly the most painful experience of a woman s life is seen as a necessary evil to achieve the end goal of children and motherhood And yet in the face of a typically masculinized Christianity that nevertheless professes that women are equally created in the image of God shouldn t childbirth a uniquely feminine experience itself shape Christian women s souls and teach them about the heart of the God they love and follow Drawing on her own experience of giving birth and motherhood and the conflicting assumptions attached to them by Christians and the culture at large Aubry G Smith presents a richly scriptural exploration of common conceptions about pregnancy and childbirth that will not only help mothers and soon to be mothers understand how to think biblically about birth but also walks them through how to put the ideas into practice in their own lives Along the way she shows all readers how to see God s own experience of the birth process and how childbirth leads to a deeper understanding of the gospel overall The ABCs of Breastfeeding Stacey H. RUBIN,2008-01-23 La Leche League approves

ABCs of Breastfeeding for their store For the new mom and her baby breastfeeding provides countless physical and emotional benefits Breast milk provides proper nourishment helps strengthen a baby s immune system and deepens the mother child bond However breastfeeding doesn t always happen as naturally as one might expect As a Neonatal Practitioner and Board Certified Lactation Consultant and mother of two Stacey H Rubin knows the difficulties new moms can experience Now in The ABCs of Breastfeeding she offers a practical and reader friendly guide that will help every new mother feel comfortable and confident about feeding her baby From pregnancy to weaning this helpful book will show nursing mothers how to find a doctor who is breastfeeding friendly hold their baby comfortably after birth recognize the signs that a baby wants to be fed take necessary steps that will prevent breastfeeding difficulties build a healthy milk supply manage the right diet continue breastfeeding immediately after returning to work know when to stop breastfeeding Illustrated with real life stories from the author s own private practice of women who have overcome common and not so common breastfeeding difficulties The ABCs of Breastfeeding will help expectant and new mothers turn their nursing experiences into a joyful one for themselves and their new babies **Oh Baby** Kathy Fray,2016-02-29 Much recommended by new mothers this is the only book you ll need

for the best baby advice Now completely revised and updated Refreshingly honest openly frank and candidly blunt this book has been written by a mother who is also an experienced midwife for other mothers It oozes warm fuzzies exudes realism in every paragraph and is refreshing in its guiltless honesty Modern first time mothers are often alone devoid of once traditional motherhood knowledge and practical support Often previously self confident women find themselves isolated fumbling over everyday mothering tasks enduring sleep deprivation feeling desperately despondent and aching and leaking everywhere This book provides supportive caring advice one mum to another while at the same time serving as an encyclopaedic medical

reference regarding the mother and baby Checked thoroughly by medical professionals this book is a unique blend like having access to a kind and gentle GP as well as to all the gems of wisdom of years of mothers coffee groups This title clearly and compassionately explains the ups as well as the downs which are perfectly normal aspects of giving birth and mothering in today s society
