Electric Car Buyers Buying Guide , **The North American Auto Industry since NAFTA** Greig Mordue,Dimitry
Anastakis,2024-10-01 The auto sector is North America s most iconic of industries Since the North American Free Trade
Agreement came into existence in 1994 the sector has undergone tremendous change escalating concerns around climate
change advances in electric and automated vehicles deindustrialization reindustrialization and the rise of low cost locations
as hubs for manufacturing The North American Auto Industry since NAFTA examines the issues that have preoccupied the
development of policy associated with the manufacture of automobiles in North America The collection addresses the
punctuations that have afflicted the industry since NAFTA s implementation as well as the slower incremental evolutions that
have also occurred Several aspects of automobility and the industry are explored including but not limited to the Canadian
American and Mexican automotive sectors and their evolution and interaction under evolving trade regimes The book
analyses issues surrounding labour technology trade policy regional development the environment and broader societal
impacts of the automobile It also draws on the expertise of a wide cross section of industry experts and scholars to provide
readers with a deeper understanding of the automotive industry and its central role in North America s economic business
and political landscape **Vehicle and Fuels Technology** United States. Congress. House. Committee on Energy and
Commerce. Subcommittee on Energy and Air Quality,2006 [Kiplinger's Personal Finance](#) ,2005-12 The most trustworthy
source of information available today on savings and investments taxes money management home ownership and many other
personal finance topics **Effective Crisis Response and Openness** Simon J. Evenett,Bernard M. Hoekman,Olivier
Cattaneo,2009 The purpose of this book is to examine the various ways in which the existing manifestations of openness
including binding international accords have constrained or enhanced the options available to national policymakers during

the crisis and influenced the degree and potentially even the effectiveness of cross border cooperation By examining state responses during the crisis in a number of distinct policy domains this approach may shed light on potential complementarities and tensions as governments seek to tackle sharp national recessions while being mindful of the growing role that the international dimension has played in influencing national economies in an era of globalization In principle such an examination may reveal that some permutations of national policy choices and international trade and other obligations offer greater potential than others in turn providing information on the possible scope for both domestic reforms and the global trade architecture
