

CONCLUSION

The automotive industry has faced major trend changes in the concentration of the market. It has shifted from a domestic market to a monopolistic to a global market to a perfectly competitive market scenario. All these changes were accompanied by growth and development of the industry and overall economy as well. India has finally emerged as a world class entity in the global market for automobiles and has made its presence felt by the other nations. The future of Indian Auto Industry is bright as more and more companies are getting attracted towards the Indian Market and are setting up their manufacturing units in India.

After going through Internship Program, the current company position, capabilities, facilities and objectives and taking care of the customers and developing great service. It is concluded that there is a viable increase in production and management.

This Internship Program was approved by the H.R Manager of the Fair Deal Hyundai Company for letting me explore the company and know about Automobiles.
