Corporate Governance D. Geeta Rani, R. K. Mishra, 2009. *The Evolution of Tiger Management* Martin Hemmert, 2012. Throughout the last several decades, Korean companies have become strong global competitors in a wide range of manufacturing industries. How did they achieve this exceptional performance? The *Evolution of Tiger Management* uncovers the secret of their success through a comprehensive analysis of Korean style management. It explains how it has developed, why it works so well, what non-Koreans can learn from it, and what Korean companies need to do to stay competitive in the future. This book is an extended and significantly updated new edition of *Tiger Management: Korean companies on world markets* (Routledge, 2012). It tells the remarkable stories of how Korean firms, seemingly coming from nowhere, have successfully challenged their Western and Japanese competitors globally. A new chapter highlights the rise of Korean venture firms and start-ups. Next, the essence of Tiger Management is analyzed by showing that it consists of an effective combination of business strategy, leadership, and human resource management practices. Finally, the evolution and future of Tiger Management is discussed by showing how Korean companies have adapted to changes at home and abroad, and how non-Korean companies can adopt Tiger Management. A new final chapter discusses the way forward for Korean companies.

Culture and Management in Asia Malcolm Warner, 2003. This work provides a comprehensive overview of culture and management in the major East and Southeast Asian economies, with each chapter providing a survey of the country's history, culture, and economy.

How did they achieve this exceptional performance? This book uncovers the secret of their performance through a comprehensive analysis of the Korean management system. It explains to an international audience how it has developed, why it works so well, and what non-Koreans can learn from it. The book analyzes the management of Korean firms from three different perspectives. First, a historical perspective is applied by showing how Tiger Management has emerged and how it has been continuously advanced over the last 50 years. The breathtaking stories of how Korean companies, seemingly coming
