**The Politics of Relations** André Thiemann, 2024-06-01 Rethinking the contributions of the Manchester School of Social Anthropology for political ethnography the Politics of Relations elaborates its relational approach to the state along four interlaced axes of research embeddedness boundary work modalities and strategic selectivity that enable thick comparisons across spatio-temporal scales of power In Serbia local experiences of self government infrastructure and care motivate its citizens to become the state while cursing it heartily While both officials and citizens strive for a state that

enables a normal life they navigate the increasingly illiberal politics enacted by national parties and which are tolerated by trans national donors      On a Global Mission: The Automobiles of General Motors International Volume 3 Louis F.

Fourie,2016-12-27 Volume One traces the history of Opel and Vauxhall separately from inception through to the 1970s and thereafter collectively to 2015 Special attention is devoted to examining innovative engineering features and the role Opel has taken of providing global platforms for GM Each model is examined individually and supplemented by exhaustive supporting specification tables The fascinating history of Saab and Lotus begins with their humble beginnings and examines each model in detail and looks at why these unusual marques came under the GM Banner Included is a penetrating review of Saab through to its unfortunate demise Volume Two examines unique models and variations of Chevrolet and Buick manufactured in the Southern Hemisphere and Asia but never offered in North America Daewoo Wuling and Baojun are other Asian brands covered in detail This volume concludes with recording the remarkable early success of Holden and its continued independence through to today Volume Three covers the smaller assembly operations around the world and the evolution of GM s export operations A brief history of Isuzu Subaru and Suzuki looks at the three minority interests GM held in Asia The GM North American model specifications are the most comprehensive to be found in a single book Global and regional sales statistics are included GM executives and management from around the globe are listed with the roles they held An index ensures that these volumes serve as the ideal reference source on GM      **The Day of the Pelican** Katherine

Paterson,2009-10-19 2013 Laura Ingalls Wilder Award Meli Lleshi is positive that her drawing of her teacher with his pelican nose started it all The Lleshis are Albanians living in Kosovo a country trying to fight off Serbian oppressors and suddenly they are homeless refugees Old and young alike they find their courage tested by hunger illness the long arduous journey and danger on every side Then unexpectedly they are brought to America by a church group and begin a new life in a small Vermont town The events of 9 11 bring more challenges for this Muslim family but this country is their home now and there can be no turning back A compassionate powerful novel by a master storyteller      **Russians** Gregory Feifer,2014-02-18

From former NPR Moscow correspondent Gregory Feifer comes an incisive portrait that draws on vivid personal stories to portray the forces that have shaped the Russian character for centuries and continue to do so today Russians explores the seeming paradoxes of life in Russia by unraveling the nature of its people what is it in their history their desires and their conception of themselves that makes them baffling to the West Using the insights of his decade as a journalist in Russia Feifer corrects pervasive misconceptions by showing that much of what appears inexplicable about the country is logical when seen from the inside He gets to the heart of why the world s leading energy producer continues to exasperate many in the international community And he makes clear why President Vladimir Putin remains popular even as the gap widens between the super rich and the great majority of poor Traversing the world s largest country from the violent North Caucasus to Arctic Siberia Feifer conducted hundreds of intimate conversations about everything from sex and vodka to

Russia's complex relationship with the world From fabulously wealthy oligarchs to the destitute elderly babushki who beg in Moscow's streets he tells the story of a society bursting with vitality under a leadership rooted in tradition and often on the edge of collapse despite its authoritarian power Feifer also draws on formative experiences in Russia's past and illustrative workings of its culture to shed much needed light on the purposely hidden functioning of its society before during and after communism Woven throughout is an intimate first person account of his family history from his Russian mother's coming of age among Moscow's bohemian artistic elite to his American father's harrowing vodka fueled run ins with the KGB What emerges is a rare portrait of a unique land of extremes whose forbidding geography merciless climate and crushing corruption has nevertheless produced some of the world's greatest art and some of its most remarkable scientific advances Russians is an expertly observed gripping profile of a people who will continue challenging the West for the foreseeable future *The Territories of the Russian Federation 2012* Europa Publications,2012-08-21 This excellent reference source brings together hard to find information on the eighty three constituent units of the Russian Federation The introduction examines the Russian Federation as a whole focusing on the evolution of the relationship between the central state and the regions followed by a chronology demographic and economic statistics and a review of the Federal Government The second section comprises territorial surveys with a chapter on each of Russia's federal subjects each of which includes a current map The third section comprises a select bibliography of books The fourth section features a series of indexes listing the territories alphabetically by Federal Okrug and Economic Area Users will also find a gazetteer of selected alternative and historic names and a list of the territories abolished created or reconstituted in the post Soviet period *Forst, Holz + Jagd Taschenbuch 2009* , **Outlook Business** ,2008-02-23
