The Geography of Environmental Crime Gary R. Potter, Angus Nurse, Matthew Hall, 2016-06-30 This book critically examines both theory and practice around conservation crimes. It engages with the full complexity of environmental crimes and different responses to them including poaching conservation as a response to wildlife crime forest degradation environmental activism and the application of scientific and situational crime prevention techniques as preventative tools to deal with green crime. Through the contributions of experts from both the social and ecological sciences the book deals with theoretical and practical considerations that impact on the effectiveness of contemporary environmental criminal justice. It discusses the social construction of green crimes and the varied ways in which poaching and other conservation crimes are perceived operate and are ideologically driven as well as practical issues in environmental criminal justice. With contributions based in varied ideological perspectives and drawn from a range of academic disciplines this volume provides a platform for scholars to debate new ideas about environmental law enforcement policy and crime prevention detection and punishment.

Parliament. House of Commons. Education Committee, 2013 The Government's plans for replacing GCSEs with new English Baccalaureate Certificates in some subjects is trying to do too much too fast Introducing several fundamental changes at the same time and to a tight timetable will jeopardise the quality of the reforms and may threaten the stability of the wider exam system GCSEs need significant improvements in order to restore public confidence in the exam system but the Government still needs to make the case that the GCSE brand is so discredited that it is beyond repair MPs are also concerned about the impact of the changes on subjects outside the English Baccalaureate where students will be taking GCSEs for some time to come according to the Government's plans The report also questions how well the Government's proposals will serve lower attaining pupils who are often the most disadvantaged There is no evidence that the proposed changes will help to tackle under achievement or narrow the attainment gap between the richest and poorest students any more effectively than GCSEs The Government is also called upon to re think its plans for a Statement of Achievement specifically for lower attaining pupils MPs agree that changes are needed to the way in which exams are run but they raise serious concerns about franchising subjects to exam boards The report is critical of the Government's decision to abolish some GCSEs before publishing the outcomes of the National Curriculum Review and its proposed changes to the school accountability system MPs also note the wide ranging stakeholder opposition to many of the Government's proposals **Reasoning** Mr. Rohit Manglik, 2024-08-24 A practical guide to enhancing analytical and logical reasoning abilities ideal for competitive exam preparation A University Education David Willetts, 2017-11-17 Universities have a crucial role in the modern world In England entrance to universities is by nation wide competition which means English universities have an exceptional influence on schools a striking theme of the book This important book first investigates the university as an institution and then tracks the individual on their journey to and through university In A University Education David Willetts presents a compelling case for the ongoing importance of the university both as one of the great institutions of modern society and as a transformational experience for the individual The book also makes illuminating comparisons with higher education in other countries especially the US and Germany

Drawing on his experience as UK Minister for Universities and Science from 2010 to 2014 the author offers a powerful account of the value of higher education and the case for more expansion He covers controversial issues in which he was involved from access for disadvantaged students to the introduction of 9 000 fees The final section addresses some of the big questions for the future such as the the relationship between universities and business especially in promoting innovation He argues that the two great contemporary trends of globalisation and technological innovation will both change the university significantly This is an authoritative account of English universities setting them for the first time in their new legal and regulatory framework
