I love linguistic communication because it carries beauty and idea. Like many non-English talkers, I have begun analyzing English rather tardily in 7th grade. A To most non-English talkers, learning a new linguistic communication, English, is both fresh and disputing. Many pupils may research English with the wonder toward a new linguistic communication and civilization ; nevertheless, they may lose their involvement because of inappropriate and stiff instruction attacks, or an unfamiliar/ insecure sense towards a new linguistic communication or culture. A My induction of English survey originated from my compulsion to literary aestheticism. It was a bit-by-bit aesthetic pilgrim's journey to the glorious castle of western literature, when I started from ABC on, so read simple transitions, subsequently moved onto the beautiful essays and poesy and at last plunged into the classics by literary Masterss.

A A Learning a new linguistic communication is non an easy occupation particularly for adolescents or grownups who have passed their critical period of linguistic communication acquisition. Language learning ever takes forbearance ; furthermore, it needs good schemes, motive, and a good teacher to assist pupils to get the better of the sense of disaffection toward a new linguistic communication or civilization. And as an English-major, it happens all the clip that my relations and neighbours would inquire me inquiries such as: `` what do we make to learn English good? A What are your schemes? . My reply is ever: `` oh, English acquisition takes merely forbearance and pattern. `` A Though it 's true that English learning takes great forbearance and difficult working, I wish I could offer them more effectual ways and portion my experiences with them. A But I ca n't because I a cognize how to learn English, but I ca n't state people the rules and the grounds why we learn English by utilizing certain schemes or attacks.

When I came to college and majored in English Literature at University of Dammam in Saudi Arabia, the literature and the lingual class helped me a batch in understanding my early linguistic communication acquisition experiences. The joy of reading English and composing English inspired by the strong inner call of self-exploration and the will to assist my friends reinforced my already deep love for English linguistic communication as a whole. It convinced me that I would be willing to do painstaking attempts whatsoever every bit long as I could maintain bettering my bid of this absorbing linguistic communication. I am confident that my abilities, competency, and public presentation rank manner above my academic GPA which was low due to household fortunes that I went through during my undergraduate surveies. This is apparent by having a scholarship from the Saudi Arabian authorities to prosecute my alumnus surveies at your college.

After my graduation, I worked with Alamiah institute for computing machine and engineerin

Master s Thesis from the year 2017 in the subject Speech Science Linguistics grade Excellent course Writing language English abstract Writing is considered as a difficult process even in the first language L1 It is even more complicated to write in a foreign language FL Writing in a FL often presents the greatest challenge to the students at all stages of their learning particularly essay writing students write essays without serious grammatical errors or misspellings however their essays are still disconnected and incoherent This illogicality is mainly caused by the errors at the discourse level EFL third level English students at Faculty of Education Radfan often face many problems when they write essays in English Thus this study aims at investigating the students discourse competence in essay writing This study also aims at exploring the causes that make the students commit discourse errors and to what extent the students incompetency affects their writing negatively To find out the reasons that might lead to the problems under investigation two instruments were employed to collect data the first instrument was the teachers questionnaire which was responded to by five teachers who teach writing and composition in the Department of English at Faculty of Education Radfan The second one was the students writing task through which twenty five students were required to write an argumentative essay The analyses and interpretations of the result obtained by the two instruments can be summed up as follows The teachers supplied the researcher with valuable information that made the students commit discourse errors when writing essays Besides they emphasized on the importance of drawing the students attention to the

grammatical and lexical cohesive devices to help them write proficiently Moreover they suggested some methods and strategies to be taken during teaching writing to overcome the students problems The results obtained through the analyses of the students writing task showed that the students errors might be attributed to the inappropriate use of grammatical and lexical cohesive devices such as the overuse of some devices and the absence of the others however the overuse was not appropriate It was also noticed that the students managed to use some cohesive devices of each type but they showed their ignorance of the others as in the case of substitution and ellipsis which were barely used however that use was wrong On the basis of the findings the researcher proposed some solutions and suggestions that might help to overcome the problem
