

1 INTRODUCTION

1.1 Purpose of the CT Study Instruction Manual

The purpose of this instruction manual is to help you complete original and revised CT studies for your treatment plant using the CT Template.

1.2 What Systems Can Use the New Automated CT Study Template?

The Template is primarily intended for small and medium size treatment plants. The template is designed for treatment plants with no more than 10 disinfection zones, each zone consisting of no more than 10 treatment units. If your plant does not meet these requirements, your CT study will need to be completed manually.

1.3 How Is This Instruction Manual Organized?

Table 1-1 gives a summary of the chapters in this manual and what they cover.

Table 1-1: CT Study Template Guidance Manual Chapters

Chapter	Topics
1	Introduction This chapter describes who is eligible to use the new Template and discusses how to use this guidance manual.
2	CT Studies and the CT Study Approval Letter This chapter details the concepts used in the preparation of a CT Study and the subsequent approval process. A firm understanding of the background presented here is critical to the preparation of an accurate CT Study.
3	Describing Your Treatment Plant This chapter presents the guidelines you will use follow in writing a narrative description and preparing a plant schematic.
4	Describing Your Disinfection Zones This chapter takes you through the steps involved with customizing the Template to accurately reflect the number of disinfection zones and treatment units in your treatment plant. This chapter outlines the information you must enter to characterize your disinfection process.
5	Evaluating Your Disinfection Protocol Chapter 5 describes the Calculator worksheet of the CT Study Template and the information you must provide to determine whether your disinfection process provides adequate disinfection.
6	Submitting Your CT Study Report This chapter presents the steps involved with submitting your complete CT Study Report to the TCEQ.

How to Write a Usable User Manual Edmond H. Weiss, 1985 **Writing: A User Manual** David Hewson, 2012-02-16 You are a writer and you have a killer book idea. When your project starts to take off, you will find yourself managing a writhing tangle of ideas, possibilities, and potential potholes. How do you turn your inspiration into a finished novel? Writing a User's Manual offers practical insight into the processes that go into writing a novel, from planning to story development, research to revision, and finally delivery in a form which will catch the eye of an agent or publisher. David Hewson, a highly productive and successful writer of popular fiction with more than sixteen novels in print in twenty or so languages, shows how to manage the day-to-day process of writing. Writers will learn how to get the best out of software and novel writing packages such as Scrivener, which help you view your novel not as one piece of text but as individual linked scenes, each with their own statistics, notes, and place within the novel structure. As you write, you will
