Informational Source Comprehension:

Close Reading of Informational Sources Sunday Cummins, 2019-04-11 This widely used teacher resource and course text now significantly revised with 75% new content provides a flexible approach to fostering high level understanding of a wide variety of informational sources in grades 3-8. Through the lens of a new three phase lesson plan the author explains how to teach students to think critically about sources: monitor for meaning, identify main ideas, explain key details, and make sense of unfamiliar vocabulary. Now in a convenient large size format the second edition is packed with practical features including a detailed study guide and links to recommended online videos. The companion website allows readers to download and print a reproducible lesson planning template and quick reference tools as well as additional resources referenced in the book. Prior edition title: *Close Reading of Informational Texts*. New to This Edition: Substantially revised and updated to reflect the ongoing development of the author's approach; lessons now comprise three clearly defined phases; Expanded to cover close reading of video, audio, and infographics as well as traditional texts; Chapters on new topics: selecting sources and teaching the use of context clues to learn new vocabulary; Additional practical features: sidebars with clear explanations of comprehension strategies, sample lessons, examples of students' written responses, suggestions for assessment, tips for follow up instruction, companion website, and more.
