- It is the responsibility of the manager to make sure that the work is done correctly so that the goals of the organization can be achieved.
- A manager is the person who runs the business or organization, or the person in charge of a division or one of the teams in an organization.
- If you work together in a group and you are chosen as the group leader, you become the "manager" of the group.
- In a small business, the owner can also be the manager.
- In a large business, there are numerous managers, each of whom is responsible for managing different departments.
- As a group leader, your decisions will not be as important as those of your teacher.
- The same is true in the case of an organization in which not all the managers have the same responsibility to make important decisions.
- Managers are usually classified according to the different levels in a business.
- The level at which a manager operates will depend on the contribution his responsibilities and decisions make to the overall success of the business.

- The goal of most businesses is not only to make a profit, but also to ensure that the owner gets a good return on the money invested in the business.
