

Emergency Department Coding Policy

Emergency department (ED) physicians often perform acute strategies, procedures, and high-risk interventions (e.g., chest tube, intubation) without the support of the hospital's coding department. For this reason, the hospital's coding department will be responsible to either assist with the emergency department's coding or provide direct support for the emergency department's coding. The coding department will assist with the coding of emergency department procedures and services, including but not limited to, the following:

• The coding department will assist with the coding of emergency department procedures, including but not limited to, the following: chest tube, intubation, and other high-risk interventions. The coding department will assist with the coding of emergency department procedures and services, including but not limited to, the following: chest tube, intubation, and other high-risk interventions.
