## Operator's Manual, Parts List & Service Manual

**STOP!**

If you are missing parts, instructions or have questions, **DO NOT** take this unit back to the store. Call 1-800-888-4897 and MasterLine will send the missing parts/information to you promptly.

**MAINTENANCE TIP:** Cap gasket is prelubricated for improved sealing. Occasional lubrication is recommended, use petroleum jelly or non-water soluble grease.

### SAFETY PRECAUTIONS

1. Before using sprayer with chemicals, fill sprayer with fresh water to assure that you have it properly assembled, pressurize and practice spraying. Also, check for any leaks at this time. When thoroughly familiar with the sprayer operation, follow normal operating procedures.
2. Ensure all pressure in the sprayer is relieved by locking the shut-off valve in the open position.
3. Avoid contact with chemicals.
4. **Always wear rubber gloves, safety goggles, appropriate protective clothing.**
5. Work in a well ventilated area.
6. Individuals should be trained in the proper use of this sprayer, chemical handling procedures, and first aid/emergency care. Where training is not available, individuals should study and follow the procedures detailed in this manual.

### WARNING:

Chemicals can be harmful to individuals and the environment if improperly used. In addition, some chemicals are caustic, corrosive or poisonous and should be avoided. Read warnings and chemical manufacturers' instructions. **MASTERLINE** high density polyethylene sprayers are fitted with Viton® seals which are resistant to a wide variety of agricultural and household chemicals; however, care should be exercised to ensure that sprayer components are clean, functioning properly, and in a good state of repair before and during use. If in doubt about a particular chemical, check with the manufacturer. If you suspect or observe indications that the material may be unsafe in a **MASTERLINE** sprayer... **STOP. DO NOT USE OR APPLY CHEMICAL. ALWAYS WEAR RUBBER GLOVES, SAFETY GOGGLES, AND APPROPRIATE PROTECTIVE CLOTHING.**

- Read and follow operating instructions.
- Do not fill with, use or spray flammable materials.
- Do not modify sprayer.
- Never spray in the direction of humans, animals or property which might be injured or damaged by spray formula.
- Do not use disinfectants, solvents or impregnating agents unless first tested to ensure they are not harmful to the environment or sprayer.
- Do not use liquids with a temperature above 110°F (43°C).
- Rinse and clean sprayer thoroughly after using. Chemicals can be dangerous and cause serious injury to persons, animals, plants and environment.
- Wear appropriate protective clothing to prevent contact with chemical agents.
- Disposal of contaminated rinse should be in accordance with applicable ordinances. Observe the precautionary instructions of the chemical manufacturer.

- All servicing personnel should be trained and familiarized with chemical handling procedures, first aid/emergency care, and chemical liquid disposal regulations.
- **DO NOT USE ANY ACID (INCLUDING CITRUS) OR CAUSTIC CHEMICALS INCLUDING BLEACH.**
- Remember that a sprayer with liquid is a significant amount of weight (8 lbs. per gallon). Use caution when bending, leaning or walking. Do not bend at the waist when wearing the backpack. Bend only at the knees and support yourself as required to ensure personal safety.
- Keep in mind that the sprayer tank is vented at the cap and was intended to be operated upright.
- Do not climb or mount any equipment from which you might fall.

### ASSEMBLY INSTRUCTIONS:

#### SPRAY TIP ASSEMBLY

Spray tips should be assembled as shown. O-rings are used in place of gaskets in some sprayers.

1. Flat Spray Nozzle
2. Filter
3. Jet Stream Nozzle
4. Swirl Plate
5. Brass Adjustable Nozzle

See Page 11 for Handle Installation.
