Testing provides an updated and comprehensive account of the area of language testing and assessment. The volume brings together 35 authoritative articles divided into ten sections written by 51 leading specialists from around the world. There are five entirely new chapters covering the four skills: reading, writing, listening and speaking, as well as a new entry on corpus linguistics and language testing. The remaining 30 chapters have been revised, often extensively or entirely rewritten, with new authorship teams at the helm, reflecting new generations of expertise in the field. With a dedicated section on technology in language testing, reflecting current trends in the field, the Handbook also includes an extended epilogue written by Harding and Fulcher, contemplating what has changed between the first and second editions and charting a trajectory for the field of language testing and assessment. Providing a basis for discussion, project work and the design of both language tests themselves and related validation research, this Handbook represents an invaluable resource for students, researchers and practitioners working in language testing and assessment and the wider field of language education.

**The Reflective Educator's Guide to Practitioner Inquiry** Nancy Fichtman Dana, Diane Yendol-Hoppey, Logan Rutten, 2025-05-30

Transform your teaching and shape education through the power of inquiry. Grounded in real world examples and more than 30 years of research in professional development, the fifth edition of *The Reflective Educator's Guide to Practitioner Inquiry* addresses how inquiry fosters curiosity, reflection and practical action to enhance effective classroom learning. This latest edition invites educators to view inquiry as a process, a product and a stance. The book offers new sections on the relationship between AI and teacher inquiry and the ways in which inquiry is changing with the times. Additional features and updates include: A new chapter that provides a step by step guide to crafting an intentional, actionable research plan. Access exercises, inductive and deductive data analysis worksheets, ethical guidelines and examples addressing today's issues in education. A discussion of the connections between practitioner inquiry and supporting the academic success of every student. *The Reflective Educator's Guide to Practitioner Inquiry* fifth edition empowers educators at every stage in their careers to investigate their practice, drive sustained professional growth and harness inquiry's potential to create classrooms where both students and teachers thrive.

**Assessment and Teaching of 21st Century Skills** Patrick Griffin, Barry McGaw, Esther Care, 2011-10-20. Rapid and seemingly accelerating changes in the economies of developed nations are having a proportional effect on the skill sets required of workers in many new jobs. Work environments are often technology heavy while problems are frequently ill defined and tackled by multidisciplinary teams. This book contains insights based on research conducted as part of a major international project supported by Cisco, Intel and Microsoft. It faces these new working environments head on, delineating new ways of thinking about 21st century skills and including operational definitions of those skills. The authors focus too on fresh approaches to educational assessment and present methodological and technological solutions to the barriers that hinder ICT based assessments of these skills, whether in large scale surveys or classrooms. Equally committed to defining its terms and providing practical solutions and including international perspectives.
