Ibiza Mon Amour:

Understanding Nighttime Tourism Manuel Garcia-Ruiz,Jordi Nofre,2024-11-08 Looking beyond traditional nightlife dominated by bars discos and organized parties this timely book explores the shift in the nightlife tourism industry motivated by growing environmental awareness and a move towards more sustainable tourism Manuel Garcia Ruiz and Jordi Nofre bring together scholars from the Global North and the Global South into dialogue to build a decolonized body of knowledge in the specific field of night studies

Émile Durkheim: Sociology as an Open Science ,2022-12-05 Sociology for Durkheim was by no means a knowledge closed in its specificity It was rather an open science permeable to contributions coming from other disciplines For him the task of sociology was to study what held societies together giving place to reflective change and progressive development This is an epistemological and political model that still retains all its relevance today an example to be rediscovered against any reductionist conception of the vocation and object of social sciences an encouragement to see sociology as an indispensable protagonist for an authentic interdisciplinary dialogue in the field of humanities It is one of the best legacies Durkheim left us that this book attempts to illustrate

Tourismophobia Jean-Christophe Gay,2024-12-12 At the heart of tourismophobia past and present is the question of the masses and the differentiation between those who call themselves travellers denying their own tourism and tourists Tourismophobia studies the persistence of the repulsion for them and though their number is infinitely greater today they are no longer socially the same and practices have radically changed This book brings this cultural invariant out of the shadows to understand the driving forces behind this social posture which has taken a new turn with climate change Without overlooking the negative effects of tourism this book is a response to the current debate on overtourism which is the most contemporary form of tourismophobia

Archipelago Tourism Revisited Godfrey Baldacchino,2024-09-13 This timely and innovative book explores the dynamics of inter island island tourism also known as archipelago tourism on the cusp of the post pandemic epoch Embellished with illustrative maps and diagrams the volume examines what novel approaches have been developed if at all so as not to repeat past mistakes and nurture a more sustainable island tourism business model It looks at how the political economic relationship between main and outer islands changed during the pandemic and if so whether this shift has had a bearing on current tourism policy The book also explores how these and other changes are reflected in how islands are branded island destinations are marketed and island transport logistics play out An array of archipelagos of varying sizes and locations is explored assuring a global perspective The book furthers our understanding of core periphery dynamics in archipelago tourism The volume will be of interest to students researchers policy makers and academics in the fields of tourism policy and planning sustainability island studies and development studies

This is Our House Hillegonda C. Rietveld,2019-01-04 Originally published in 1998 House music has had a considerable influence in shaping the sound of pop music from the late 1980s onwards From underground dance events to the pop charts traces of this aesthetic can be found in

many guises This book traces a genealogy of house and maps some of the power structures that are at play in its production and consumption Places like Chicago New York London Manchester Amsterdam and Rotterdam have been visited providing the material to discuss such subjects as contemporary dance culture DJs and the roles of musical technologies The author Hillegonda Rietveld was already steeped in dance club culture before she decided to write this loving piece of academic prose about house Taking critical culture studies as its aesthetic fuel she ram raids boundaries of academic disciplines fusing ideas like a meticulous DJing curator
