Notes

- (1) A hoist beam (by KONE) is required for installation (by others). Dimension [H] reflects clear under hoist beam.
- (2) If an Emergency Battery Device (EBD) or KONE Destination is required, please contact your KONE Sales Professional for further detail regarding dimensions [H], [I] and [J].
- (3) The published [A] hoistway dimension represents the optimum clear inside requirements and maybe reduced by up to 2" (51mm). However, this may result in construction inefficiencies.
- (4) The published interior width [C] and depth [D] dimensions represent the minimum clear inside requirements without raised panels. For interior width [C] and depth [D] dimensions with raised panels please contact a KONE Sales Professional.
- (5) 2500 LB. IBC (International Building Code) reverse opening must be diagonally opposed. For all other front and reverse opening configurations, hoistway width [A] is valid for directly opposed openings only. If diagonally opposed openings are required, please contact your KONE Sales Professional.
- (6) The published minimum pit depth [E] dimension is based upon slide guides. For minimum pit depth [E] with roller guides please contact a KONE Sales Professional.
- (7) All dimensions are based on an 8'-0" (2438 mm) cub with a 7'-0" (2134 mm) door. Alternate car and door heights are available, but will affect dimension [H].
- (8) 150 fpm (0.75 m/s) only available up to 85 ft. (25 m) of travel and 10 landings. 200 fpm (1.00 m/s) available up to 100 ft. (30.5 m) of travel and 12 landings.
- (9) 4'-0" (1219 mm) door width also available.
- (10) Stretcher accessibility based on international building code (IBC) and California Building Code specified, 24 inch by 84 inch stretcher - with 5-inch radius corners. Elevator car must utilize a side slide door with the exception of the 4000 LB. passenger shaped car. In Canada (NBC) 2500 LB. and larger elevators with single slide doors meet Canadian stretcher rule of 2010mm x 610mm.
- (11) If IBC (International Building Code) 2018 or ASME A17.1-2019/CSA B44-19 code is applicable, contact your local sales professional for controller space configurations.

* 1,500 LB. front / reverse elevators needs to have diagonal opposed doors and a wider hoistway width of 8'-0" (8'-11" if set/mmc) to accommodate a stretcher. Please contact a KONE Sales Professional for more information.

Kone Forklift Manual

Mike Jess

Kone Forklift Manual:

Eventually, you will completely discover a supplementary experience and execution by spending more cash. yet when? accomplish you bow to that you require to get those all needs once having significantly cash? Why dont you attempt to acquire something basic in the beginning? Thats something that will guide you to understand even more roughly speaking the globe, experience, some places, afterward history, amusement, and a lot more?

It is your agreed own grow old to show reviewing habit. in the middle of guides you could enjoy now is **Kone Forklift Manual** below.
