Roberts,Charles J. Elfer,2024-10-01 In response to the limitations associated with teaching through film we sought to develop practical lesson ideas that might bridge gaps between theory and practice and assist teachers endeavoring to make effective use of film in their classrooms One of the more interesting sources of visual media many authors in the previous volumes elected to use as the focus of their lesson plans were cartoons These lesson plans have been some of the more popular in the series and are often easier to adapt for a variety of grade levels In conducting research for this volume we learned that cartoons are an often used media sources in the classroom They have similar strengths and weaknesses in not only the teaching of history but other social studies disciplines as well While in many cases their intended audience is younger children people of all ages enjoy cartoons This makes them useful for teaching students at all grade levels as well as adults as there will be immediate buy in if used as a source of analysis for inquiry based lessons As with live action film we believe cartoons can also serve as a powerful tool in the social studies classroom and if appropriately utilized can foster critical thinking and civic mindedness The College Career and Civic Life C3 framework adopted by the National Council for the Social Studies in 2013 represents a renewed and formalized emphasis on the perennial social studies goals of deep thinking reading and writing The C3 is comprehensive and ambitious Moreover we believe that as teachers endeavor to digest and implement the platform in schools and classrooms across the country the desire for access to structured strategies that lead to more active and rigorous investigation in the social studies classroom will grow increasingly acute Our hope is that the present volume might play a small role in the larger Hollywood or History project of supporting practitioners specifically teachers of preK 12 social studies disciplines by offering a collection of 19 classroom ready lesson designed to foster social studies inquiry through the careful use of selected cartoons *Accidentals* Susan M. and Asia removed by a lagoon from the tempos of terra firma Venice has long seduced the Western imagination Since the 1797 fall of the Venetian Republic fantasies about the sinking city have engendered an elaborate series of romantic clichés provoking conflicting responses some modern artists and intellectuals embrace the resistance to modernity manifest in Venice's labyrinthine premodern form and temporality whereas others aspire to modernize by killing the moonlight of Venice in the Futurists notorious phrase Spanning the history of literature art and architecture from John Ruskin Henry James and Ezra Pound to Manfredo Tafuri Italo Calvino Jeanette Winterson and Robert Coover *Killing the Moonlight* tracks the pressures that modernity has placed on the legacy of romantic Venice and the distinctive strains of aesthetic invention that resulted from the clash In Venetian incarnations of modernism the anachronistic urban fabric and vestigial sentiment that both the nation state of Italy and the historical avant garde would cast off become incompletely assimilated parts of the new *Killing the Moonlight* brings Venice into the geography of modernity as a living city rather than a metaphor for death and presents the archipelago as a crucible for those seeking to define and transgress the conceptual limits of modernism In strategic detours from the capitals of modernity the book redrafts the confines of modernist culture in both geographical and historical terms

The KunstlerCast Duncan Crary, 2021-09-17 Based off the popular podcast this book collects one man's conversations with an outspoken social critic on the negative effects of the suburbs James Howard

Kunstler has been described as one of the most outrageous commentators on the American built environment. An outspoken critic of suburban sprawl, Kunstler is often controversial and always provocative. The KunstlerCast is based on the popular weekly podcast of the same name which features Kunstler in dialogue with author Duncan Crary, offering a personal window into Kunstler's worldview. Presented as a long form conversational interview, The KunstlerCast revisits and updates all the major ideas contained in Kunstler's body of work, including The need to rethink current sources of transportation and energy, The failure of urban planning, architecture and industrial society, America's plastic dysfunctional culture, The reality of peak oil, Whether sitting in the studio, strolling city streets, visiting a suburban mall, or even Happy Motoring, the grim predictions Kunstler makes about America's prospects are leavened by his signature sharp wit and humor. This book is rounded out by commentary, footnotes, and supplemental vignettes told from the perspective of an embedded reporter on the Kunstler beat. Readers may or may not agree with the more dystopian of Kunstler's visions. Regardless, The KunstlerCast is bound to inspire a great deal of thought, laughter, and hopefully action. Praise for The KunstlerCast: A bracing dose of reality for an unreal world. Stephen J. Dubner, co-author of *Freakonomics* and *SuperFreakonomics*. Erudite, eloquent, with good humor about the hilariously grotesque North American nightmare of car addicted suburban sprawl. Dmitry Orlov, author of *Reinventing Collapse*. Prepare to be enlightened, infuriated, and amused. Gregory Greene, Director, *The End of Suburbia*. So enlightening yet casual that the reader feels like they're eavesdropping into the den of Kunstler's prodigious mind. Andrew D. Blechman, author of *Leisureville*. *Doug Pratt's DVD*. Douglas Pratt, 2005. Doug Pratt is the leading reviewer of DVDs, a contributor to *Rolling Stone*, and editor and publisher of *The DVD Laserdisc Newsletter*. Choice says Pratt's writing is amusing, comprehensive, and informative. *Rolling Stone* calls this two volume set the gold standard on all things DVD. The set is unique in giving space to non-feature film DVDs, the fastest growing area of the market. Not just a reference book, it's also good reading. *The Chamber of Commerce Journal*, 1900. *Anti-Imperialist Modernism*. Benjamin Balbaser, 2016. A unique excavation of how U.S. cross border anti-imperialist movements shaped cultural modernism. **The English Catalogue of Books Published from January, 1835, to January, 1863**, 1864.
