Mahoney,2014-10-10 At over 90 000 words this is the most comprehensive fan guide yet published to the 2012 2013 season of Doctor Who After the first part of the season provided an emotional ending to the Doctor s travels with his friends Amy and Rory Steven Moffat presented an innovative and intriguing new mystery as the Doctor puzzled over the woman twice dead that is Clara Oswald who had the most spectacular introduction s of any companion This series was the most demanding yet for Moffat no other Doctor Who showrunner had previously faced an assignment like writing a series finale an anniversary story and a combined Christmas Special Doctor finale in quick succession We are with Moffat every step of the way as he rises to this unique challenge The format of this book is the same as our previous Doctor Who guides Steven Cooper has written excellent detailed analyses of each episode which Slant Magazine published online in their House Next Door blog soon after each episode was broadcast In this way Steven s reviews provide an invaluable record of how a long standing fan reacted to each twist of the plot as it occurred House Next Door published Steven s 2013 episode reviews in abridged form he then expanded upon his analyses so this book contains far more of his insights than those published online Kevin Mahoney then follows Steven s analyses with his reviews which he wrote from the perspective of having watched the entire series This

enabled him to gauge exactly how Steven Moffat had put this season together and to assess the success of his various hoodwinks and sleights of hand In this series Steven Moffat was just as ambitious as ever perhaps too ambitious at times when the scripting became uneven or the production team was not able to realize an episode as well as they might have done Despite this there were several episodes that rank among the best of the show s achievements which we applaud in this celebration of Doctor Who s 50th Anniversary     *Doctor Who: Who-ology* Cavan Scott,Mark Wright,2013-06-07 Test your knowledge of the last Time Lord and the worlds he s visited in Who ology an unforgettable journey through over 50 years of Doctor Who Packed with facts figures and stories from the show s galactic run this unique tour of space and time takes you from Totters Lane to Heaven itself taking in guides to UNIT call signs details of the inner workings of sonic screwdrivers and a reliability chart covering every element of the TARDIS Now fully updated to cover everything through to the 12th Doctor s final episode and with tables charts and illustrations dotted throughout as well as fascinating lists and exhaustive detail you won t believe the wonders that await     Denver, Boulder and Colorado Springs Don Laine,Barbara Laine,1996-10 Frommer s The best trips start here Experience a place the way the locals do Enjoy the best it has to offer Insider tips on the best outdoor adventures and city sights as well as suggested itineraries for what to do in Denver Boulder and Colorado Springs Outspoken opinions on what s worth your time and what s not Exact prices so you can plan the perfect trip whatever your budget Off the beaten path experiences and undiscovered gems plus new takes on top attractions Find great deals and book your trip at Frommers com
