Manifeste Pour La Justice:

La Promotion de la Justice, Des Droits de L'homme Et Du Règlement Des Conflits Par Le Droit

International Marcelo Gustavo Kohen, 2007 This Liber Amicorum is published at the occasion of Judge Lucius Caflisch's retirement from a distinguished teaching career at the Graduate Institute of International Studies of Geneva where he served as Professor of International Law for more than three decades and where he has also held the position of Director. It was written by his colleagues and friends from the European Court of Human Rights from universities all around the world from the Swiss Foreign Affairs Ministry and many other national and international institutions. The Liber Amicorum Lucius Caflisch covers different fields in which Judge Caflisch has excelled in his various capacities as scholar, representative of Switzerland in international conferences, legal adviser of the Swiss Foreign Affairs Ministry, counsel, registrar, arbitrator and judge. This collective work is divided into three main sections. The first section examines questions concerning human rights and international humanitarian law. The second section is devoted to the international law of spaces including matters regarding the law of the sea, international waterways, Antarctica and boundary and territorial issues. The third section addresses issues related to the peaceful settlement of disputes both generally and with regard to any particular means of settlement. The contributions are in both English and French.

L'obligation de renvoi préjudiciel à la Cour de justice Laurent Coutron, 2014-05-27. Amorçé par l'arrêt Kbler, un mouvement jurisprudentiel récent a conduit la Cour de justice à concevoir divers mécanismes qui permettent aux justiciables de sanctionner directement ou indirectement une juridiction nationale qui a méconnu son obligation de renvoi préjudiciel. C'est ainsi que les justiciables pourront solliciter la remise en cause de la chose décidée voire de la chose jugée ou encore chercher à engager la responsabilité judiciaire de l'État. On pressent pourtant que les solutions très restrictives forgées par la Cour de justice sont supplantées par les dispositifs nationaux. Ceux-ci paraissent en effet plus aisés à actionner voire plus performants qu'il s'agisse de la violation du droit au juge légal comme en Allemagne ou en Espagne ou encore de l'introduction du dispositif législatif suédois. La présentation sans gal ce jour de près de vingt rapports nationaux permettra de mieux apprécier l'effectivité de la protection juridictionnelle dont disposent les justiciables via le renvoi préjudiciel. L'intérêt de cet ouvrage est d'autant plus vif que l'adhésion prochaine de l'Union européenne à la Convention européenne des droits de l'homme se traduira vraisemblablement par une revitalisation des dispositions permettant de sanctionner une violation de l'obligation de renvoi préjudiciel. Cet ouvrage s'adresse principalement aux magistrats et aux avocats ainsi qu'aux universitaires spécialisés dans l'étude du droit processuel.

Les intelligences artificielles au prisme de la justice sociale. Considering Artificial Intelligence Through the Lens of Social Justice Collectif

Collectif, 2024-07-24T00:00:00-04:00. Cet ouvrage vient clôturer deux années de réflexion intensive sur les enjeux à l'intersection entre la justice sociale et les technologies d'IA. Une compréhension de ces impacts sociétaux passe alors l'aspect technique pour se concentrer principalement sur le fait social.

De l'indépendance de la justice Jean-Jacques Urvoas,2023-04-26 L indépendance de la justice entraîne-t-elle nécessairement celle du parquet Et quel doit être le rôle véritable du garde des Sceaux Depuis plus de vingt ans un syllogisme orienté s'est installé les magistrats sont indépendants les procureurs sont des magistrats donc les procureurs doivent être indépendants Or cette confusion volontaire compte pour beaucoup dans les difficultés rencontrées dans notre pays par le garde des Sceaux pour mettre en place une véritable politique pénale efficace De cela les gouvernants ne peuvent se plaindre car ils en sont les seuls coupables Ils ont progressivement sacrifié toutes les prérogatives du pouvoir gouvernemental sur l'autel de l'indépendance de la justice en le dépeignant dans le même mouvement de la capacité d'assumer la responsabilité de ses choix politiques Aujourd'hui la réalité des prérogatives du garde des Sceaux en matière pénale est proche d'une peau de chagrin Avec ce livre Jean Jacques Urvoas propose d'en finir avec ces errements Il trace un chemin politique pour recréer une harmonie entre l'action judiciaire et la volonté nationale Jean Jacques Urvoas est professeur de droit public à l'université de Brest Après avoir présidé comme député du Finistère la commission des lois de l'Assemblée nationale il fut dans les gouvernements de Manuel Valls et de Bernard Cazeneuve ministre de la Justice garde des Sceaux [Yearbook of the European Convention on Human Rights/Annuaire de la convention europeenne des droits de l'homme, Volume 11A](#) Council of Europe/Conseil de l'Europe,2024-08-19 **Yearbook of the European Convention on Human Rights / Annuaire de la Convention**

des Ministres du Conseil de l'Europe le 25 octobre 1966 De La Justice Politique W. Godwin, 1972-06-30 **The World We Could Win** G. Fraser-Moleketi, Geraldine Fraser-Moleketi, 2005-09-14 Global Governance represents a new way of thinking about the world we live in This new vision of Global Governance is the result of two converging forces One is historical the other conceptual One is the fact that the world is growing closer empirically linked by the thousands of wires and streams of information and satellites and phones and screens and jet planes that bind us now Conceptually the world needs to be able to step outside itself and see itself and then develop a language to capture that new vision We can view the globe as one unit with not necessarily a government but certainly a system of governance The fact that there is no world government does not mean that there is no system of global governance It is a place it is a polity it has a system by which authority is shared and spread and used and for that the new word governance that has emerged in the academic literature is the mot juste It has no implication of entitlement to decide it is simply a word to describe a process The first part of this book with six essays looks thematically at different elements or facets of Global Governance and the issues that arise The second half of this volume deals with some regional perspectives on Global Governance Our aim in this book is to raise our eyes beyond the currently known world in public administration and look at the new unit of analysis clearly It is the world we could win

Time in the Philosophy of Gabriel Marcel Helen Tattam, 2013 Gabriel Marcel 1889 1973 stands outside the traditional canon of twentieth century French philosophers Where he is not simply forgotten or overlooked he is dismissed as a relentlessly unsystematic thinker or following Jean Paul Sartre's lead labelled a Christian existentialist a label that avoids consideration of Marcel's work on its own terms How is one to appreciate Marcel's contribution especially when his oeuvre appears to be at odds with philosophical convention Helen Tattam proposes a range of readings as opposed to one single interpretation a series of departures or explorations that bring his work into contact with critical partners such as Henri Bergson Paul Ricoeur and Emmanuel Levinas and offer insights into a host of twentieth century philosophical shifts concerning time the subject the

other ethics and religion Helen Tattam's ambitious study is an impressively lucid account of Marcel's engagement with the problem of time and lived experience and is her first monograph since the award of her doctorate from the University of Nottingham *Pauvreté et inégalités en Grande-Bretagne, 1942-1990* Antoine Capet, Philippe Romanski (dir.), Aïssatou Sy-Wonyu (dir.), 2001 Le 20^e siècle semble traîner derrière lui des valeurs et des réalités qu'il pensait combattre jamais Ingalité et pauvre n'étaient déjà pas plus envisageables depuis au moins deux siècles et le Royaume-Uni semblait porter les espoirs de cette renaissance Depuis 1942 d'aucuns affirment que le processus de richesse inégalité et pauvreté est un des plus stables du pays Qu'en est-il au juste Le recueil bilingue anglais français apporte sa contribution au débat For a Libertarian Communism Daniel Guérin, 2017-11-01 In his foreword to an earlier collection of essays on libertarian communism Daniel Guérin addressed himself to younger people alienated from ideologies and isms shorn of any meaning by an earlier generation and particularly from socialism which has so often been betrayed by those who claimed to speak in its name and which now provokes an understandable skepticism In this collection of essays written between the 1950s and 1980s and published here for the first time in English Guérin not only provides a critique of the socialist and communist parties of his day he analyzes some of the most fundamental and pressing questions with which all radicals must engage He does this by revisiting and attempting to draw lessons from the history of the revolutionary movement from the French Revolution through the conflicts between anarchists and Marxists in the International Workingmen's Association and the Russian and Spanish revolutions to the social revolution of 1968 These are not just abstract theoretical reflections but are informed by the experiences of a lifetime of revolutionary commitments and by his constant willingness to challenge orthodoxies of all kinds Far from allowing ourselves to sink into doubt inaction and despair the time has come for the left to begin again from zero to rethink its problems from their very foundations The failure of both reformism and Stalinism imposes on us the urgent duty to find a way of reconciling proletarian democracy with socialism freedom with Revolution **Yearbook of the European Convention on Human Rights/Annuaire de la convention européenne des droits de l'homme , Volume 13 Volume 13, 1970** Council of Europe/Conseil de l'Europe, 1973-07-01 This volume of the Yearbook of the European Convention on Human Rights prepared by the Directorate of Human Rights of the Council of Europe relates to 2003 Part one contains information on the Convention Part two deals with the control mechanism of the European Convention on Human Rights selected judgments of the European Court of Human Rights and human rights DH resolutions of the Committee of Ministers part three groups together the other work of the Council of Europe in the field of human rights and includes the work of the Committee of Ministers the Parliamentary Assembly and the Directorate General of Human Rights part four is devoted to information on national legislation and extracts from national judicial decisions concerning rights protected by the Convention Appendix A contains a bibliography on the Convention and Appendix B the biographies of the new judges elected to the European Court of Human Rights
