Economics and Ethics 1 Wilhelm E. Krelle, 2003-06-18 A presentation of the basic models of the most important economic agents: households, firms, the banking system, etc. The influence of ethics on the decisions of persons is discussed within the context of mutual influences of one person on another. The book helps the reader to understand the interdependence of humanities and economics and how to model this interdependence in economics. Social Catholicism

for the Twenty-first Century?--Volume 2 William F. Murphy, 2024-09-19 This rich collection of essays by distinguished scholars from across the globe can be read as sketching key steps on the path toward working in solidarity to build a future worthy of the human family through a new social Catholicism. These steps include a contemporary renewal of Christian humanism and of human rights while learning to live as authentic Christian witnesses in pluralistic societies after the end of Christendom. They will also include working for a just and sustainable economic paradigm, becoming missionary disciples with a continual orientation toward the marginalized and overcoming the plague of racism by working to build a constitutional democracy for every citizen. This societal renewal will require fostering robust movements of social Catholicism apt for our age within which Catholics will pursue the Universal Call to Holiness through living their earthly vocations in a spirit of social friendship. They will creatively employ social media to foster apostolates extending beyond borders. In an age of dark clouds threatening dystopia, a new social Catholicism will require a reinvigorated pastoral leadership that has come to appreciate the dangers of populism and the need to instead foster solidarity and incarnate Christian charity through a better kind of politics. **Urban Tourism in China** Mimi Li, Wu Bihu, 2013-09-13 China has witnessed a dramatic development of tourism in urban context in the past thirty years, especially with its success in hosting the Beijing Olympic Games in 2008 and the Shanghai World Exposition in 2010.
