Ibrahim The Turk:

Ibrahim, the Turk Julian Bauer, 2014-12-23 In 1915 the Ottoman Empire falters after dominating the Mediterranean region for six hundred years As World War I explodes through Europe and heads east the empire sides with the Central Powers aligning itself against the United States Ibrahim zt rk scion of a prominent Turkish family and proponent of democracy will spend the next seventy five years fighting to erase totalitarianism in the fledgling Turkish nation The fight for a new Turkey will take Ibrahim his sister Nebile and his uncle Rauf across three continents They ll see the historic city of Constantinople transform into the modern metropolis of Istanbul Through it all Ibrahim must stand against those who would thrust his nation back into the past including the zt rks ancient enemies the powerful and wealthy Galip family Ibrahim Nebile and Rauf each have one great love and the triumphs and heartbreaks of those legendary romances exist alongside sensitive diplomatic missions religious conflicts and political maneuvering Ibrahim the Turk is a meticulously researched and vividly imagined exploration of the origins of one of America s great allies Many would say Islam and democracy are mutually exclusive but in Turkey and through the long struggles of the zt rk family it s evident all people desire freedom dignity and opportunity Bir İbrahim Kavgası Türk-İslam Davası Kayıp Sırlar Hazinesi İsrailoğulları Gerçeği Ahmet Reyiz

The Ottoman Turks in English Heroic Plays Işıl Şahin Gültür, 2019-12-02 Contesting the argument that Restoration period drama referred almost exclusively to domestic social and political issues this text interrogates the extent to which seventeenth century heroic plays justify and perpetuate stereotypical representations of the Ottoman Turks in Western discourse It provides a comprehensive account of representation of the Other based on difference Joining historical discussions ranging from the Ottoman Empire s rise as a world power to the development of British imperial ideology the book asserts that dramatic texts and production provide a rich and unexamined archive in which the issues of representation difference and cultural stereotyping are attendant on the emergence of imperial figure largely This account not only deciphers representation of the Ottoman Turks based on simplification and stereotyping in dramatic representations but also throws light on the most pressing political issues of seventeenth century England including revolution regicide and restoration dramatized in the guise of the Ottoman Turks and Ottoman history The book s attention to the Ottoman related

themes of a number of plays decisively redraws the map of Restoration drama *The Development of Secularism in Turkey* Niyazi Berkes, 1998 First Published in 1999 Routledge is an imprint of Taylor Francis an informal company *Historical Aspects of Printing and Publishing in Languages of the Middle East* Geoffrey Roper, 2013-11-07 Print culture in both its material and cognitive aspects has been a somewhat neglected field of Middle Eastern intellectual and social history The essays in this volume aim to make significant contributions to remedying this neglect by advancing our knowledge and understanding of how and why the development of printing both affected and was affected by historical social and intellectual currents in the areas considered These range geographically from Iran to Latin America via Kurdistan Turkey Egypt the Maghrib and Germany temporally from the 10th to the 20th centuries CE and linguistically through Arabic Jud o Arabic Syriac Ottoman Turkish Kurdish and Persian *Turkey* Edward Shepherd Creasy, 1913 **Collective and State Violence in Turkey** Stephan Astourian, Raymond Kévorkian, 2020-11-01 Turkey has gone through significant transformations over the last century from the Ottoman Empire and Young Turk era to the Republic of today but throughout it has demonstrated troubling continuities in its encouragement and deployment of mass violence In particular the construction of a Muslim Turkish identity has been achieved in part by designating internal enemies at whom public hatred can be directed This volume provides a wide range of case studies and historiographical reflections on the alarming recurrence of such violence in Turkish history as atrocities against varied ethnic religious groups from the nineteenth century to today have propelled the nation's very sense of itself *The History of Nations* Henry Cabot Lodge, 1913 *Stationery World and Printing and Allied Trades*, 1919 **Turkey old and new, historical, geographical and statistical** Sutherland Menzies, 1880 **Nation-Building in Modern Turkey** Alexandros Lamprou, 2015-01-28 From 1924 to 1946 the Republic of Turkey was in effect ruled as an authoritarian single party regime During these years the state embarked upon an extensive reform programme of modernization and nation building The Kemalist reform movement has been extensively studied in its institutional dimensions as a state project of top down reform however *Nation Building in Modern Turkey* offers a fresh look at these formative years of the Turkish state It studies modernist nation building and state society relations from a novel perspective through the study of the People's House an institution aiming at the propagation of the modernist reforms to Turkey's urban population in the 1930s and 1940s Using previously unpublished archival material and provincial publications this work offers an alternative understanding of social change and state society relations In shifting the focus from the state as the fulcrum of change to the population's participation in the process this book offers a peripheral perspective of social change as it fashions a view from provincial towns Focusing on everyday people it explores their participation in and experience of the new habits and mixed gender socialization practices the modernist state was introducing in the People's Houses such as theatre concerts sports dancing balls and village excursions By analysing hundreds of petitions and complaint letters from the provinces Alexandros Lamprou is able to examine the multiple ways ordinary people experienced

Competing Ideologies in the Late Ottoman Empire and Early Turkish Republic Ahmet Seyhun, 2021-01-14 The second constitutional period of the Ottoman Empire and the early decades of the Turkish republic were a hotbed of new and competing ideas which were to dramatically shape the development of the modern nation that followed This book includes translations of and introductions to some of the key Turkish writers of the age including Namik Kemal Ziya G kalp Abdullah Cevdet and Ahmed Riza The writings of these Turkist Westernist and Islamist Ottoman and early republican thinkers are presented with contextualizing introductions which allow readers to access the primary texts which show the Turkish intellectual milieu out of which Mustafa Kemal's ideas were to emerge and ultimately dominate and will be of interest to students and scholars of Ottoman and Turkish History **Turkish Cinema** Gönül Dönmez-Colin, 2008-11-15 Films often act as a prism that refracts the issues facing a nation and Turkish cinema in particular serves to encapsulate the cultural and social turmoil of modern day Turkey Acclaimed film scholar Gönül Dönmez Colin examines here the way that national cinema reveals the Turkish quest for a modern identity Marked by continually shifting ethnic demographics politics and geographic borders Turkish society struggles to reconcile modern attitudes with traditional morals and centuries old customs Dönmez Colin examines how contemporary Turkish filmmakers address this struggle in their cinematic works positing that their films revolve around ideas of migration and exile and give voice to previously subsumed denied identities such as that of the Kurds Turkish Cinema also crucially examines how these films confront taboo subjects such as homosexuality incest and honor killings issues that have only become viable subjects of discussion in the new generation of Turkish citizens A deftly written and thought provoking study Turkish Cinema will be invaluable for scholars of Middle East studies and cinephiles alike

Turkish Foreign Policy, 1943-1945 Edward Weisband, 2015-03-08 As it became evident that the Allies were winning World War II Turkish policy makers struggled to achieve their objectives in the shifting circumstances of wartime diplomacy Edward Weisband's detailed description of Turkish foreign policy from 1943 to 1945 reveals that it was complicated by the fact that its two principal aims dictated contradictory positions The first aim was the priority of peace over expansionism this implied a noninterventionist policy On the other hand the belief that the Soviet Union represented the primary threat to the security of the Republic often made intervention to contain Russia seem necessary for national defense Turkish officials became determined to influence the postwar settlement towards an equilibrium among the great powers that would limit Soviet expansionism which the Turks assumed they could not do alone Consequently they were among the first to envision the contours of the Cold War After outlining the historical origins of the ideology that lay behind Turkish diplomacy the first part of the book concentrates on the policy making process in Ankara and assesses the relative influence of individual leaders and institutions The second part analyzes both Turkey's responses to the exigencies of war and the general nature of small state diplomacy Originally published in 1973 The Princeton Legacy Library uses the latest print on demand technology to again make available previously out of print books from the distinguished backlist of Princeton University Press These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905
