California. Supreme Court. Records and Briefs California (State)., Number of Exhibits 1_x000D_ Court of Appeal Case s A044526 **Criminal Litigation** Deborah Sharpley,2019-06-30 Criminal Litigation Practice and Procedure provides a thorough and practical guide to all areas of the law and practice with which the aspiring criminal litigator needs to be familiar Written with the LPC in mind this book is suitable for both the core module of Criminal Litigation and the Advanced Criminal Practice option **Evidence of Bad Character** J R Spencer,2016-09-01 This is the third edition of J R Spencer s now well established book which seeks to explain this area of law for the benefit of judges criminal practitioners and academics teaching the law of evidence In the past the rule excluding evidence of the defendant s general bad character and disposition to commit the offence was sometimes described as one of the most hallowed rules of evidence Lord Sankey in *Maxwell v DPP* referred to it as one of the most deeply rooted and jealously guarded principles of our criminal law In reality it was not particularly ancient and as the years went by it was increasingly attacked On technical grounds the body of law surrounding it was criticised as over complicated and inconsistent and more radical critics condemned it as unduly favourable to the guilty In response to this the law was completely recast in Part 11 of the Criminal Justice Act 2003 This book now again updated to take account of further legislative changes case law and academic writing offers a thorough analysis of the bad character provisions of the Criminal Justice Act 2003 in the light of the way in which they have been interpreted by the courts *Public Records Online* Michael L. Sankey,James Robert Flowers,Peter Julius Weber,2001 This is the master guide to the world of online public records **Roberts & Zuckerman's Criminal Evidence** Paul Roberts,Adrian Zuckerman,2022 Providing a systematic and contextualised introduction to the principles of criminal evidence and trial procedure this title is designed for university courses at all levels and for criminal practitioners seeking concise summaries of current law and a principled basis for novel legal arguments *The Texas Criminal Reports* Texas. Securities and Exchange Commission,1989 **Regulating the Security Industry** Great Britain. National Audit Office,2008 The Security Industry Authority the body which licences security guards door

supervisors and vehicle immobilisers has secured a high level of compliance by people working in the industry with the requirement to be licensed As at the end of May 2008 the Authority had issued over 248 000 licences and compliance is over 90 per cent Its efficiency has however been hampered by poor forecasting of licensing demand and costs and difficulties with the computerised systems procured to process licence applications When the Authority was created in 2003 the licence fee was set at 190 but it was costing the Authority 215 to process an application As a result the Authority needed an additional 17.4 million of public funding between 2004/05 and 2007/08 to carry out its work In the winter of 2005/06 the Authority's original system for producing licences was unable to cope with the large number of later than planned applications the Authority received In autumn 2007 the Authority's replacement system was not ready on time and a backlog of applications arose These two problems resulted in the Authority incurring additional costs of 1 million The Private Security Industry Act 2001 set up the Authority to regulate individuals but in a number of other countries the equivalent bodies also regulate businesses The NAO recommends that in addition to individuals all private security businesses should be registered with the Authority The SIA has already started a feasibility study to consider the compulsory registration of private security companies
