Collecting for the Curriculum Amy J. Catalano, 2015-09-28 If you are a librarian charged with collecting curriculum materials and children's literature to support the Common Core State Standards then this book is the only one that offers explicit advice on collection development in curriculum collections is for you While there are many publications on the Common Core for school librarians and K-12 educators no such literature exists for curriculum librarians at the post secondary level This book fills that gap standing alone as a guide to collection development for curriculum librarians independent of the Common Core State Standards CCSS The book provides instruction and guidance to curriculum librarians who acquire and manage collections so you can develop a collection based on best practices The book begins with a primer on the CCSS and how curriculum librarians can support them Discussion of the Standards is then woven through chapters arranged by content area that share research based practices in curriculum development and instruction to guide you in curriculum selection Material types covered include games textbooks children's literature primary sources counseling and nonfiction Additional chapters cover the management of curriculum collections testing collections and instruction and reference as well as how to support and collect for special needs learners Current practices in collection development for curriculum materials librarians are also reviewed The book closes with a discussion of the future of curriculum materials

The All-Day Kindergarten and Pre-K Curriculum Doris Pronin Fromberg, 2012-03-22 Grounded in theory and research The All Day Kindergarten and Pre-K Curriculum provides an activity based and classroom proven curriculum for educators to consider as they plan and interact with pre-K and kindergarten children Allowing young children the opportunities to become independent caring critical thinkers who feel comfortable asking questions and exploring possible solutions the Dynamic Themes Curriculum offers children the skills they need for responsible citizenship and academic progress This book describes a culturally sensitive pre-K and kindergarten curriculum in the context of literacy technology mathematics social studies science the arts and play and also discusses How to use the seven integrated conditions for learning to meet and exceed content learning standards How to organize for differentiated instruction and to integrate multiple forms of assessment How to teach literacy tools and skills in fresh ways How to work with families colleagues and community Building off of author Doris Fromberg's groundbreaking earlier work The All Day Kindergarten and Pre-K Curriculum presents a practical curriculum centering on how young children develop meanings This is a fantastic resource for pre and in service early childhood teachers administrators and scholars
