Dear Sir or Madam,

I am writing to request you to reappraise your manifesto of selling Tower Hamlets playing field to a Quick and Easy Builders.

Predominantly, Tower Hamlets playing field is an admired place for all varieties of ages. Endless generations have shared both ecstatic and melancholy memories as a section of the field is a cemetery where loved ones have been buried and remembered. Would you want cherished memories to be forgotten?

It's incontrovertible that this is a home for many animals including birds, squirrels and even hedgehog: so if it's changed these innocent animals won't have a home. The fauna and flora are a requisite part to the biodiversity and I am sure that this is a important matter to consider.

On the one hand, it is true that bacteria and germs may spread at this time however most people have took the NHS's advice and have been doing social distancing also maintaining at least 2 feet away from anyone who isn't in thier household.

Berry, 2001-07-01 During the past several years violence by children has dominated the media exposing this issue as one of the new epidemics of our society The slaughter of children by children at Littleton and the backlash of similar incidents have opened our eyes to the severity of this problem But what is the cause of all this anger in kids In *Angry Kids* Richard Berry draws from his experience as a marriage and family therapist to provide some answers about angry kids to parents teachers youth workers counselors and school social workers His biblical perspective challenges parents and children to be accountable for their actions while working out solutions Well written timely and practical *Angry Kids* exposes three root causes of anger in children of all ages It also explains how parents can inadvertently contribute to that rage how they can help their children discover the real feelings behind their anger and how to then teach them techniques for expressing and defusing that anger Charts specific examples and practical application further clarify how to stop the spreading epidemic of angry kids *The Baywoods Anthology* James Kennedy, 2012-03 The short stories and one act play presented in *The Baywoods Anthology* were selected for readers who seek classic mainstream literature Dr Kennedy is a master storyteller whose spirited writing is poignant and delightfully accessible another great story Jim fun to read and very clever I adore the child s innocence the voice and the ending Perfect I soooo enjoyed the story you write beautifully it touched all of my emotions I must read it again once was not enough I lived the Beatle s story cool to write stories people can relate to top to bottom I am a true compatriate reading and enjoying a great bit of writing heartlifting I found the story and the writing in this one really enjoyable Is it based on a true story I just finished *The Dog Without a Leash* It was so beautifully written I enjoyed it very much it reminded me of a similar experience with a kitten I found in the park thank you for sending it to Paul and I it was heartwarming **The Simple 6: A Writing Rubric for Kids** Kay Davidson, 2009 *Writing Through the Tween Years* Bruce Morgan, Deb Odom, 2005 It s not easy being a tween A lot of us are either in a tunnel or a bridge A lot of us don t know who we are Instead of following Barney s advice we end up doing what popstars do Kelley age 10 No longer little children but not yet teenagers tweens are beginning to see themselves as autonomous while still struggling to understand where they fit in It can also be an awkward time for teachers who cherish the hilarious and poignant personalities of tween writers but feel pressured by a new emphasis on testing in the intermediate grades Many teachers have virtually abandoned writers workshops in favor of formula writing and prompts even though these workshops may be essential for understanding the emerging competencies and personalities of eight to twelve year olds Bruce Morgan and Deb Odom teach together at a school where formula writing and test preparation led to stagnant writing scores student boredom and teacher discouragement They worked with their colleagues in grades 3 6 to make some dramatic changes in their collective writing instruction These changes included a return to their roots as writing workshop teachers but with new twists The teaching staff drew up new common standards for writing assessment and achievement The revised writing programs also involved integrating insights from reading strategy instruction with a renewed emphasis on

the basics of writers workshop student choice teacher modeling revision and using quality children s literature as mentor text Writing Through the Tween Years documents how teachers can get back to the joys of teaching writing in a literature rich thoughtful environment There may be no better way to understand and reach tween writers

When Writing Workshop Isn't Working Mark Overmeyer,2023-10-10 Writing is hard work Teaching it can be even harder As most teachers know writer s workshop doesn t always go as planned and many find there are obstacles that they consistently struggle with In his role as a literacy coordinator and teacher Mark Overmeyer has heard the same issues raised again and again by both new and experienced colleagues When Writing Workshop Isn t Working Answers to Ten Tough Questions Grades 2 5 provides practical advice to overcome these common problems and get your writing workshop back on track Acknowledging the process based nature of the writing workshop this book does not offer formulaic program based one size fits all answers but presents multiple suggestions based on what works in real classrooms The ten key questions this book addresses include How do I help students who don t know what to write about How do I help students develop stronger vocabulary and word choice How do I prepare my students for standardized tests without compromising my writing program How should I assess student writing How can I help my students use revision effectively This book is a handy reference tool for answering specific questions as they pop up during the year Overmeyer uses student examples throughout to help teachers envision these solutions in their own classes and he includes an array of classroom tested ideas for helping primary and intermediate English language learners There may not be any easy answers to the complexities of writer s workshop but by identifying and providing advice on the most common stumbling blocks one encounters When Writing Workshop Isn t Working provides a solid groundwork freeing up time and creativity for teachers to address the specific needs of their students
