existing bibliographies The aim of the Lexicon is twofold namely to provide access to the history of linguistics through its most important representatives and to combine the world s diverse linguistic traditions in one book thus showing what is individual and is universal in human thought about language     *The Education Index* ,1988     **Science Citation Index** ,1994 Vols for 1964 have guides and journal lists     **Arts & Humanities Citation Index** ,2000     **Who's who in California** ,1988     **Who's Who in California** Sarah A.
