Cola Cowboys Franklyn Wood, 2010-03-01. This vivid account tells the story of the truckers who were driving from the UK to the Middle East in the early 1980s. The journey was rough, tough, exhausting, dirty, uncomfortable and dangerous. Journalist Franklyn Wood reports that in the course of the one trip we are following seven Britons died in accidents. Among the physical hazards were icy mountain hairpins, unmade roads and desert sandstorms. Human hazards included Kamikaze coach drivers, robbers, mind numbingly slow border controls, rogue police and the temptations of the drivers' favourite watering holes. The route led from Europe through Turkey, Iraq during its war with Iran and on to the wealth and culture shock of Saudi Arabia. The cargoes were often worth a million pounds. Delivering them and returning home for the next load, this was the Olympics of truck driving. *Cola Cowboys* was originally published in 1982 when it proved extremely popular. It has been out of print for many years and has been reprinted by popular demand.

AEC Mandator: Volume 8 Graham Edge, 2016-10-24. When the AEC Mandator V8 was introduced in 1968 it carried with it high hopes for the future of AEC and the Leyland Group. Nothing remotely like it had been produced before. Word soon got around about its excellent performance. However, just as word had spread about the initial performance of the model, so news soon travelled about the problems arising in service. Eventually the lorry was withdrawn from sale. Since the early 1970s, when most of the 300 or so Mandator V8s sold in the UK had been withdrawn, there has always been a strong undercurrent of interest shown in it. AEC Mandator V8 has been out of print for many years and has been brought back in 2016 to make this fascinating story available again to AEC enthusiasts and those with an interest in general transport history.
