THE GAME OF BLACKJACK

Blackjack, also known as Twenty-one, is one of the world's most popular casino games. In Blackjack, the dealer deals cards to seven players. These rules vary from casino to casino, but all versions of the game are based on the same principles. The goal is to get a 21 or closer to that value than the dealer.

Each player has two cards. If the player totals the dealer's hand, they win. If the dealer's hand is higher, the player loses. The total amount that they bet is returned to them. The dealer's hand is dealt face up. The player's hand is dealt face down. The player's hand is dealt face up when the dealer's hand is 17 or higher. The player's hand is dealt face down when the dealer's hand is 16 or lower.

Each turn and round the dealer deals additional cards. All the cards are dealt according to the player's and dealer's results. The game is known for its complex strategy. The dealer will always hit 16 or lower and stand on 17 or higher. The player's hand is dealt face up when the dealer's hand is 17 or higher. The player's hand is dealt face down when the dealer's hand is 16 or lower.
