

# Periodic Maintenance

Proper maintenance, including periodic inspection and regular lubrication with the correct lubricant, is essential to the long life and trouble-free operation of your new MF 35 Diesel Tractor. Form the habit of performing scheduled maintenance by using the accumulated hours recorded on the tractorometer. Always keep your tractor in "top-notch" condition by servicing it as recommended. Take any major repair items to your local MF Dealer, he has the proper "know-how" and tools to render the type of service which will keep your tractor in the best possible condition. This section of your manual is devoted entirely to maintenance and should be referred to as a quick reference when periodic servicing is performed.

## LUBRICATION

Care should always be exercised when handling all types of lubricants. Open containers invite and collect dirt which may cause very serious damage to the lubricated parts. Secure a good grade of pressure gun lubricant from a reliable supplier to be used in the pressure-type grease fittings. Always wipe off a grease fitting before lubrication to prevent the entrance of dirt.

The points listed below should be lubricated periodically. The number in the boxes beside each point indicate the hours of operation after which these points should be serviced. The parts and time intervals are marked in the illustrations for your convenience.

*Ford Tractor Conversions* Stuart Gibbard, 2019-10-01. This illustrated work covers the stories of five British engineering companies that produced successful ranges of agricultural earthmoving or construction machinery. County, Doe, Chaseside, Muir Hill, Matbro and Bray all made extensive use of the Ford tractor skid unit as a basis for their machines, and they pioneered the development of the four-wheel drive agricultural tractor in Britain. Stuart Gibbard gives details of all the main models and machines of these manufacturers. He chronicles the fortunes of the firms from the beginning of the 20th century to the present day and discusses many of the personalities involved.

**Keep on Truckin': 40 Years on the Road** Mick Rennison, 2016-03-16. Did the Good Old Days ever really exist? Mick Rennison is not so sure. After miraculously passing his test in an Atkinson Borderer way back in 1974, Mick drove in the days when crooks and con men seemed to run the haulage industry. And Mick worked for most of them, earning crap wages from arrogant bosses with the constant threat of your P45 hanging over your head. He learned his trade through trial and error, many trials and lots of errors. His career took him all over Europe and Scandinavia, taking musical shows to Norway, JCBs to Greece, and supermarket deliveries down to Gibraltar. Driving for a variety of firms, he double-manned trucks with his wife Jo for nearly 10 years. Along the way, he has been blown over in high winds, outwitted hijackers, and held hostage by striking Spanish drivers. Now living on a narrow boat on the Grand Union Canal, Mick is approaching retirement and reflects on his varied career. With humour and not a little sarcasm, he

concludes that as good as those days were he certainly wouldn't want to go back
