Ricks,2010-01-06 Fiasco Thomas E Ricks s 1 New York Times bestseller transformed the political dialogue on the war in Iraq The Gamble is the next news breaking installment Thomas E Ricks uses hundreds of hours of exclusive interviews with top officers in Iraq and extraordinary on the ground reportage to document the inside story of the Iraq War since late 2005 as only he can examining the events that took place as the military was forced to reckon with itself the surge was launched and a very different war began Since early 2007 a new military order has directed American strategy Some top U S officials now in Iraq actually opposed the 2003 invasion and almost all are severely critical of how the war was fought from then through 2006 At the core of the story is General David

Petraeus a military intellectual who has gathered around him an unprecedented number of officers with both combat experience and Ph D s Underscoring his new and unorthodox approach three of his key advisers are quirky foreigners an Australian infantryman turned anthropologist an antimilitary British woman who is an expert in the Middle East and a Mennonite educated Palestinian pacifist The Gamble offers news breaking account revealing behind the scenes disagreements between top commanders We learn that almost every single officer in the chain of command fought the surge Many of Petraeus s closest advisers went to Iraq extremely pessimistic doubting that the surge would have any effect and his own boss was so skeptical that he dispatched an admiral to Baghdad in the summer of 2007 to come up with a strategy to replace Petraeus s That same boss later flew to Iraq to try to talk Petraeus out of his planned congressional testimony The Gamble examines the congressional hearings through the eyes of Petraeus and Ambassador Ryan Crocker and their views of the questions posed by the 2008 presidential candidates For Petraeus prevailing in Iraq means extending the war Thomas E Ricks concludes that the war is likely to last another five to ten years and that that outcome is a best case scenario His stunning conclusion stated in the last line of the book is that the events for which the Iraq war will be remembered by us and by the world have not yet happened *Car and Driver* ,2006 **User Car Buying Guide 1994** Consumer Reports,1994 With the average price of a new car now exceeding 16 000 this guide fully updated and revised annually provides consumers with the kinds of information needed to make the best choices evaluating a used car s fuel economy and performance level as well as its overall quality and repair record **Autocar & Motor** ,1993-06-30 *Complete Guide to Used Cars 1996* Consumer Guide,Consumer Guide Editors,1996-05 Few car books cover the used car market yet more and more consumers are purchasing used rather than new cars This handy guide will aid in making an educated decision to separate the winners from the losers Provides reliable tips on choosing the right car as well as anticipating potential problems Includes profiles of over 200 car models sold over the past decade **Class of '88** Wayne Anthony,2018-03-22 Organised crime puts on a smiley face When the Summer of Love hit Britain in 88 Wayne embraced the bright new world of dance music MDMA and all night celebrations But alongside the ecstasy his natural East End entrepreneurial instincts kicked in and he began to organise the infamous Genesis dance parties for thousands of kids Wayne soon became a key figure in the high octane technicolour rave scene But beneath the shiny smiley surfaces he quickly found himself in a vicious world of violence police harassment and organised crime for which he was totally unsuited and unprepared He was beaten by ex paratroopers menaced by gangsters kidnapped confronted with sawn off shotguns and threatened with murder all so Britain could party like never before When Class of 88 was first published it was so popular that Foyles dedicated an entire window to the book for a month Now re issued for the 30th anniversary this is Wayne s very lively highly individual account of the two years he spent as an illegal party promoter leading the rave revolution which was sweeping the UK changing lives music and popular culture forever **Automotive Executive** ,1992
