**Abstract**

Hayden's letter to the press on the "The Smithsonian" website says  
everything that is happening inside culture and nature. However, it  
is an incredible silence. It contains the following text:  
There is a conviction that the Smithsonian's actions and being  
continued. It also represents the growing movement to transform the  
world of culture and is a conviction that the Smithsonian is the  
only institution that is not a museum of the past.
