The Working Woman's Pregnancy Book Marjorie Greenfield, 2008-10-01 This up to date guide addresses all the subjects you would expect to find in an authoritative book on pregnancy plus issues of special concern to the 60 to 80 percent of women who hold jobs during their pregnancies. Is my workplace safe for my developing baby? When should I tell my employer that I am expecting? How can I handle the discomforts of pregnancy when I need to work? What laws will protect me when I take medical leave? The answers to these questions and myriad others can be found in the pages of this practical and reassuring book. Dr Marjorie Greenfield draws from her experiences as an obstetrician and working mom and from more than a hundred interviews with mothers ranging from factory workers to high powered attorneys to create a unique resource for working women. Dr Greenfield includes checklists for multitasking working moms to be, helpful illustrations, stories and advice from experienced mothers and information on everything from planning a pregnancy to balancing life after the baby is born. *The Working Woman's Pregnancy Book* is an invaluable expert resource that will inform, reassure and empower any working woman throughout the miraculous journey of her pregnancy. **Making Do in Damascus** Sally K. Gallagher, 2012-10-10 Drawing on fieldwork that spans nearly twenty years, *Making Do in Damascus* offers a rare portrayal of ordinary family life in Damascus, Syria. It explores how women draw on cultural ideals around gender, religion and family to negotiate a sense of collective and personal identity. Emphasizing the ability of women to manage family relationships creatively within mostly conservative Sunni Muslim households, Gallagher highlights how personal and material resources shape women's choices and constraints concerning education, choice of marriage partner, employment, childrearing, relationships with kin and the uses and risks of new information technologies. Gallagher argues that taking a nuanced approach toward analyzing women's identity and authority in society allows us to think beyond dichotomies of Damascene women either as oppressed by class and patriarchy or as completely autonomous agents of their own lives. Tracing ordinary women's experiences and ideals across decades of social and economic change, *Making Do in Damascus* highlights the salience of collective identity, place and connection within families as well as resources and regional politics in shaping a generation of families in Damascus.
