

222.05 COMMUNITY CARETAKING DOCTRINE AND THE VEHICLE IMPOUND PROCEDURES.

COMMUNITY CARETAKING DOCTRINE OVERVIEW. Officers shall be guided by the Community Caretaking Doctrine and the procedures set forth in this Order when deciding whether to impound a vehicle driven by an unlicensed driver, or a driver with a suspended or revoked license. The courts have ruled that this doctrine allows officers to impound a vehicle when doing so serves a community caretaking function. An impoundment based on the Community Caretaking Doctrine is likely warranted:

- When the vehicle is impeding traffic or jeopardizing public safety and convenience, such as when a vehicle is disabled following a traffic collision;
- When the vehicle is blocking a driveway or crosswalk or otherwise preventing the efficient movement of traffic (e.g., vehicle, pedestrian, bicycle);
- When the location of the stopped vehicle may create a public safety hazard (e.g., vehicle, pedestrian, bicyclist);
- When the location of the vehicle, if left at the location, may make it a target for vandalism or theft; or,
- To prevent the immediate and continued unlawful operation of the vehicle (e.g., licensed driver not immediately available).

The totality of circumstances, including the factors listed above, should be considered when deciding whether impoundment is reasonable under the Community Caretaking Doctrine and the Fourth Amendment. The decision to impound any vehicle must be reasonable and in furtherance of public safety.

UNLICENSED DRIVER AND DRIVER WITH A SUSPENDED/REVOKED LICENSE IMPOUND AUTHORITIES.

Unlicensed Driver – No Priors. Section 22651(p) VC shall be used as the impound authority for all vehicles being impounded when it has been determined that the driver was involved in the following and the officer issues a Traffic Notice to Appear citation, Form 04-50.00:

- Driving without a valid California Driver's License (unless the driver is a nonresident with a valid license or otherwise exempt under the Vehicle Code); or,
- Driving with an expired, withheld, or out-of-class California Driver's License.

Officers shall release the vehicle in lieu of impound provided **all** of the following conditions are met:

- The registered owner or his/her designee has a valid California Driver's License or is a nonresident with a valid license or otherwise exempt under the Vehicle Code;
- The registered owner and licensed driver are immediately available;
- The registered owner authorizes the licensed driver to drive the vehicle; and,
- The vehicle's registration is not expired over six (6) months.

Note: If the traffic stop is conducted in the registered owner's residential driveway or a legal parking space in the immediate vicinity of the owner's residence, impounding the vehicle **would not** be appropriate. However, if the traffic stop is conducted in the driver's residential driveway or in the immediate vicinity of the driver's residence but the driver is not the registered owner, officers must consider the totality of the circumstances to determine if impoundment is reasonable.

The name and driver's license number of the licensed driver that the vehicle is being released to shall be documented in the narrative portion of the Traffic Notice to Appear that is issued to the unlicensed driver. If it is determined that the registered owner knowingly allowed an unlicensed driver to operate the vehicle, he or she may be cited for Section 14604(a) VC, "Non-Owner Driver of Vehicle."
