Holt Environmental Science Holt, Rinehart and Winston Staff, Karen Arms, Holt, Rinehart, and Winston, inc, 1996-01
Our environmental problems are huge and they require careful attention and action The twenty first century will be a crucial time in human history a time when we must find solutions that allow people on all parts of our planet to live in a clean healthy environment and have the resources they need for a good life p 5 Science, Technology, and Society David D. Kumar, Daryl E. Chubin, 2012-12-06 David D Kumar and Daryl E Chubin We live in an information age Technology abounds information tech nology communication technology learning technology As a once popular song went Something s happening here but it s just not exactly clear The world appears to be a smaller less remote place We live in it but we are not necessarily closely tied to it We lack a satisfactory understanding of it So we are left with a paradox In an information age information alone will neither inform nor improve us as citizens nor our democracy society or in stitutions No improvement will take some effort It is a heavy burden to be reflective indeed analytical and disciplined but only constructively constrained by different perspectives The science based technology that makes for the complexity contro versy and uncertainty of life sows the seeds of understanding in Science Technology and Society STS as it is known encompasses a hybrid area of scholarship now nearly three decades old As D R Sarewitz a former geologist now congressional staffer and an author put it After all the important and often controversial policy dilemmas posed by issues such as nuclear energy toxic waste disposal global climate change or biotech nology cannot be resolved by authoritative scientific knowledge instead they must involve a balancing of technical considerations with other criteria that are explicitly nonscientific ethics esthetics equity ideology Trade offs must be made in light of inevitable uncertainties Sarewitz 1996 p 182 Origins Larry Boohar, 2020-07-07 Origins Speak to the Earth is an anthology of scientific evidence supporting a creation global flood young earth worldview It is written primarily for students as an alternative to the theory of evolution God himself formed the earth and made it he hath established it he did not create it a waste place he created it not in vain he formed it to be inhabited Isaiah 45 18 Holt Environmental Science Karen Arms, 2000 **The Natural World and Science Education in the United States** Ajay Sharma, Cory Buxton, 2018-04-04 This book focuses on the representation of nature in science education in schools in the United States Given the importance of our relationship with the nonhuman world for the fate of our planet this work gives special attention to the representation instruction and understanding of the relationship between the social and the natural world It also proposes an alternative sustainability science based conceptual framework for ecology and environmental science topics in science education which is compatible with the current social ecological understanding of life in the Anthropocene epoch
