
Transport and Logistics Standard Operating Procedures (SOPs)

1st March 2012

This document provides an overview of the Inter-Agency transport and logistics services as well as coordination mechanisms established by the Logistics Cluster (under WFP leadership) to support all humanitarian cargo consigned within South Sudan, in support of the humanitarian community's response to the earthquake.

The objective of the Logistics Cluster is to provide - in an efficient, coordinated manner - assets, facilities, services and staff, to ensure an uninterrupted supply chain of life saving relief items to the affected populations.

These services are not intended to replace the logistics capacities of the agencies or organisations but rather supplement through the provision of common services.

These services will be offered for a limited period of time, in part or in full, for the following reasons:

- Changes in the situation on the ground
- No longer a perceived need for prioritisation, facilitation or/and coordination
- Funding constraints

This document will be regularly updated as the situation evolves, and operational requirements develop.

Please check for updates at: www.logcluster.org/ops/sot11a

- These logistics services are only for humanitarian cargo destined for South Sudan
- Cargo despatch planning is based on the priorities set by the Humanitarian Coordinator

- Cargo movements and Storage requests will only be accepted through the use of an electronic Service Request Form (SRF) and with a clearly defined consignee which must be submitted 48 hours prior to the requested time of service

- All cargo must be clearly marked and accompanied by a complete set of paperwork. I.e. Waybill, Packing List and copies of SRF
- A Release Order (RLO) signed by an authorised person (user or final consignee) is needed before cargo will be handed over by the Transit Hub Staff to a transporter

year to year with the inclusion and prominence of most topics turning on their prevalence in a given year's jurisprudence. Some consistently prominent topics are personal jurisdiction over foreign defendants, deportation procedure, and double taxation. Over the last three editions (2006, 2007, and 2008), many topics have developed rapidly and constitute a correspondingly larger portion of the volumes, particularly Terrorism, the Foreign Sovereign Immunities Act, Forum Non Conveniens, and an entirely new added topic, the National Security Exception to deportation eligibility. The 2008 edition of AILC also features expanded sections on family law and on the detention of terrorist suspects. The U.S. war on terror and the crisis at Guantanamo have made that last topic a significant and dynamic component of AILC. Each edition of AILC also comes framed with two practical resources for students and scholars. The first is an introductory editor's note that both reviews international law's major developments for the given year and explains to readers how to use the volumes. The second is a subject index to allow for targeted research. Volume Seven of AILC includes cases on multilateral conventions such as the Montreal Protocol and the Convention Against Torture. The volume also concerns the status and rights of aliens involving asylum and deportation procedures and due process rights. In *Rashad v. Mukasey*, the petitioner submitted a petition for asylum, withholding of removal, and protection under the United Nations Convention Against Torture and Other Cruel, Inhuman, or Degrading Treatment or Punishment. The Immigration Judge (IJ) rejected the petition since it was filed past the one-year statutory period. The circuit court affirmed the IJ's decision and found that the evidence and testimony offered by the petitioner was insufficient to compel a reasonable fact finder to conclude that more likely than not he would be tortured or persecuted if he were to return to Pakistan. In *Arar v. Ashcroft*, Arar alleged a violation of the Torture Victim Protection Act and his Fifth Amendment substantive due process rights arising from the conditions of his detention in the United States, the denial of his access to counsel and to the courts while in the United States, and his detention and torture in Syria. The court examined whether Arar's extraordinary rendition claim could be examined under a new context.
