Biblical Errancy Norman L. Geisler, 2004-08-04

Philosophy has given us insights into the reflections of thinkers on such subjects as God mankind the world and the possibility of knowing ultimate reality The processes of reasoning and the conclusions of logic are often intensely fascinating Dr Geisler reminds us however that the premises and the arguments of philosophy are often faulty leading to a wholly inadequate view of knowledge and revelation He reiterates Paul s warning to the Colossian Christians See to it that no one takes you captive through hollow and deceptive philosophy The contributors to this volume show how the basic presuppositions of many philosophers lead to a denial of a divine inerrant revelation The views of some modern theologians regarding revelation find their roots in such deceptive philosophy Chapter titles are Inductivism Materialism and Rationalism Bacon Hobbes and Spinoza Norman L Geisler Skepticism Hume Gary R Habermas Agnosticism Kant W David Beck Transcendentalism Hegel Winfried Corduan Existentialism Kierkegaard E Herbert Nygren Atheism Nietzsche Terry L Miethe Noncognitivism Wittgenstein John S Feinberg Mysticism Heidegger Howard M Ducharme Jr

The Greatness of God Charles Frank Thompson, 2016-02-08 With each passing day our world seems to drift further and further away from the God of the Bible divine creation and Christian belief This societal shift toward postmodernism and secularism is not a new development however the expanding and intensifying revolt against the biblical God and Christianity traces its roots back to the modern philosophies of the Enlightenment and Romanticism which have given rise to many divergent views during the past three centuries and become even more extreme in recent postmodernism The Greatness of God How God Is the Foundation of All Reality Truth Love Goodness Beauty and Purpose stands as an intellectual counterweight to the prevailing winds of a secular postmodern world Author Charles Frank Thompson argues that the consequences of this rejection of God and divine creation have not been benign He traces the modern revolution in detail and describes its deleterious consequences including the loss of the ultimate basis for universal truth knowledge meaning and purpose In The Greatness of God Thompson explores a wide range of topics including Christian theology metaphysical philosophy and an analysis of modern thought and art He examines the rich history of Christian poetry prose

and art and takes a look at recent scientific discoveries that help us understand Christian teachings about God's creation. He concludes with an exploration of the millennium, the eternal kingdom of God, and the spiritual state of America and Europe today.
