Sissy on Set Alyson Belle, Louis never imagined himself as a sissy movie star but why wouldn't he jump at the opportunity? It's a little weird to have to wear girly clothes and makeup for the role but for the cash they're offering he'll do just about anything. Faced with the choice between making some quick cash or being evicted from his apartment, Louis is desperate and willing to do just about anything to make ends meet. When he sees an ad for an acting job on a movie set offering a boatload of cash for slender willowy guys who will put on feminine clothing and act the part, it piques his interest. It's just clothes, right? For the kind of money they're offering, he'll put on whatever outfit they ask him to. But when he gets on set and starts getting his hair and makeup done, he quickly realizes that isn't just any old set. They're planning to dress him up and make him do the kinds of dirty things he's only seen in short video clips on sketchy websites, but instead of making him uncomfortable, he can't believe how excited it makes him feel. Now all dolled up in a lacey lingerie set and with the sexy bear of a director calling him Lisa, Louis is pretty sure he's willing to do whatever it takes to become the new sissy star on this thrilling, unusual set.

*With Sprinkles on Top* Stefani Goerlich, 2023-10-10 Winner of the AASECT Sexuality Professionals Book Award for General Audience. A sex therapist's playful, affirming, and informative guide to exploring desire differences between kinky and nonkinky or vanilla partners. *With Sprinkles on Top* offers a positive and empowering resource for talking about and working through sexual differences, particularly between kinky and vanilla partners. With more than 80 percent of adult couples in the US reporting desire discrepancies between partners and many people holding fantasies they don't feel comfortable sharing, *With Sprinkles on Top* offers much needed support. As Dr. Stefani Goerlich makes clear, vanilla can be delicious and so can kink. Focusing on communication and connection, this guide helps you find the sprinkles that can enhance your relationship. With empathy and understanding, Dr. Goerlich addresses hopes and fears on both sides of a desire divide and provides shame-free guidance for relationships of different shapes and orientations. Here you'll find helpful information about BDSM and kink: what it is, its effects on relationships, what a partner's interest might imply or not. Worksheets and questionnaires to help each partner explore their desires, what turns them on, when they might feel open to experimentation, and how to talk about it. Setting boundaries, tips for feeling safe and drawing the line with care. Guidance for staying true to yourself, satisfying your partner, and finding new delights together. Insights and guidance on what normal and kinky actually mean, bringing imagination into the bedroom, polyamorous possibilities, and much more. As Dr. Goerlich writes, "The vanilla people that I work with tell me that they want relationships built on mutual love, respect, understanding, gentleness, and trust. Funnily enough, the kinky people I work with tell me the same thing: just that they want the gentleness aspect to be negotiable." *With Sprinkles on Top* affirms that vanilla and kinky people can thrive together and offers practical solutions for protecting, preserving, and strengthening your relationship.

Men Trapped in Men's Bodies Anne A. Lawrence, 2012-12-09 There are few topics in sex research as compelling and confounding to researchers, clinicians, and the general public as that of transsexualism. Depending

normative notions of gender eroticism and identity it poses significant scientific and clinical challenges The book addresses a fascinating and largely unexplored topic within the study of transsexualism The feelings and desires of conventionally masculine men who are attracted to women yet want to become women themselves Through a collection and discussion of vivid first person narratives the book provides an in depth examination of these men s unusual propensity to be sexually aroused by the thought of themselves as women and how these men s sexual feelings influence their decisions to seek or undergo sex reassignment These narratives about autogynephilia by autogynephilic male to female MtF transsexuals provide the first comprehensive documentation of the erotic ideation that underlies the most common form of MtF transsexualism The narratives provide empirical evidence for Blanchard s theory of MtF transsexual motivation and thus are of interest to researchers and theorists studying the phenomenology of MtF transsexualism The narratives are likely to be eye opening to psychologists psychiatrists physicians and other professionals who work with MtF transsexuals Most clinicians probably do not fully appreciate the erotic underpinnings of their clients condition A better understanding of their clients autogynephilic feelings and motivations would enable these professionals to provide more empathetic and effective clinical care

**Different Loving** William Brame, Gloria Brame, Jon Jacobs, 1996-01-13 A detailed eye opening account of the real sexual underground in America a thorough and serious study Playboy From Different Loving In order to understand unusual sexualities such as dominance and submission one first has to consider the question What is normal If the unique function of sex is reproductive and the only reason men and women should engage in sex is for the purpose of creating a new life then only heterosexual intercourse is normal By this standard many common acts even contraception must be considered aberrant Reproductive relevance was the Victorian standard of normalcy and even today many of the laws in the United States still abide by that model But people have always pursued sex for both reproduction and for pleasure and well being We start from the premise that sex for pleasure is a normal human drive and is acceptable when it brings pleasure to both partners From this perspective D S is simply a different kind of loving We hope to add to the greater body of knowledge about what people really do behind closed doors with the people they most love and trust Perhaps Different Loving will help open the door for further research into the
