

# Strangulation vs. Choking

- Many victims will report they have been “choked” when in technical terms they were the victims of strangulation.
- *Choking* = an internal obstruction of the airway.
- *Strangulation* = a form of asphyxia characterized by closure of the blood vessels and air passages of the neck as a result of external pressures on the neck.

**The Routledge Handbook of the Bioarchaeology of Human Conflict** Christopher Knüsel, Martin Smith, 2013-12-17 If human burials were our only window onto the past what story would they tell Skeletal injuries constitute the most direct and unambiguous evidence for violence in the past Whereas weapons or defenses may simply be statements of prestige or status and written sources are characteristically biased and incomplete human remains offer clear and unequivocal evidence of physical aggression reaching as far back as we have burials to examine Warfare is often described as senseless and as having no place in society Consequently its place in social relations and societal change remains obscure The studies in *The Routledge Handbook of the Bioarchaeology of Human Conflict* present an overview of the nature and development of human conflict from prehistory to recent times as evidenced by the remains of past people themselves in order to explore the social contexts in which such injuries were inflicted A broadly chronological approach is taken from prehistory through to recent conflicts however this book is not simply a catalogue of injuries

illustrating weapon development or a narrative detailing progress in warfare but rather provides a framework in which to explore both continuity and change based on a range of important themes which hold continuing relevance throughout human development

**Fire, Ice, and Physics** Rebecca C. Thompson, 2020-11-10 Exploring the science in George R R Martin's fantastical world from the physics of an ice wall to the genetics of the Targaryens and Lannisters Game of Thrones is a fantasy that features a lot of made up science fabricated climatology when is winter coming astronomy metallurgy chemistry and biology Most fans of George R R Martin's fantastical world accept it all as part of the magic A trained scientist watching the fake science in Game of Thrones might think But how would it work In Fire Ice and Physics Rebecca Thompson turns a scientist's eye on Game of Thrones exploring among other things the science of an ice wall the genetics of the Targaryen and Lannister families and the biology of beheading Thompson a PhD in physics and an enthusiastic Game of Thrones fan uses the fantasy science of the show as a gateway to some interesting real science introducing GOT fandom to a new dimension of appreciation Thompson starts at the beginning with winter explaining seasons and the very elliptical orbit of the Earth that might cause winter to come or not come She tells us that ice can behave like ketchup compares regular steel to Valyrian steel explains that dragons are bats but with fire and considers Targaryen inbreeding Finally she offers scientific explanations of the various types of fatal justice meted out including beheading hanging poisoning reporting that the effects of the Strangler administered to Joffrey at the Purple Wedding resemble the effects of strychnine skull crushing and burning at the stake Even the most faithful Game of Thrones fans will learn new and interesting things about the show from Thompson's entertaining and engaging account Fire Ice and Physics is an essential companion for all future bingeing
