The Palgrave Handbook of Breakthrough Technologies in Contemporary Organisations Mahmoud Moussa, Adela McMurray, 2025-03-08 This handbook traverses the broad spectrum of ICT management engaging readers to consider not only the beneficial transformations triggered by these technologies but also the organisational challenges they present. From the disruption brought about by machine learning to the vast opportunities unleashed by the evolution of big data analytics to the revolution of financial technology FinTech this handbook offers a thorough and comprehensive journey through the landscape of ICT. The focus is not solely on the breakthrough technologies themselves but the intricate patterns of their evolution, adoption, management and the subsequent ripples they create in the organisational fabric. The handbook challenges current views, provokes new insights and inspires a futuristic view of managing ICT in the ever-evolving business landscape.

Decision Support Systems Ger Devlin, 2010-03-01 This book by In Tech publishing helps the reader understand the power of informed decision making by covering a broad range of DSS. Decision Support Systems applications in the fields of medical, environmental, transport and business. The expertise of the chapter writers spans an equally extensive spectrum of researchers from around the globe including universities in Canada, Mexico, Brazil and the United States to institutes and universities in Italy, Germany, Poland, France, United Kingdom, Romania, Turkey and Ireland to as far east as Malaysia and Singapore and as far north as Finland. Decision Support Systems are not a new technology but they have evolved and developed with the ever-demanding necessity to analyse a large number of options for decision makers. DM for specific situations where there is an increasing level of uncertainty about the problem at hand and where there is a high impact relative to the correct decisions to be made. DSS's offer decision makers a more stable solution to solving the semi-structured and unstructured problem. This is exactly what the reader will see in this book.
