Aware ,2001 *Hurricanes* Paul V. Kislow,2008 A hurricane is a tropical storm with winds that have reached a constant speed of 74 miles per hour or more Hurricane winds blow in a large spiral around a relative calm centre known as the eye The eye is generally 20 to 30 miles wide and the storm may extend outward 400 miles As a hurricane approaches the skies will begin to darken and winds will grow in strength As a hurricane nears land it can bring torrential rains high winds and storm surges A single hurricane can last for more than 2 weeks over open waters and can run a path across the entire length of the eastern seaboard August and September are peak months during the hurricane season that lasts from 1 June to 30 November This book presents the facts and history of hurricanes *Hurricanes, Unleashing Nature's Fury* ,2001

Florida for Boomers Ryan Erisman, 2007-04 Boca Grande Marilyn Arbor Hoeckel, Theodore B. Van Itallie, 2000 Life on Gasparilla Island once had a very different rhythm With a past intimately tied to Charlotte Harbor and the rich fishing grounds it provided Gasparilla Island was in its early history the site of a small fishing village and a commercial fishery The discovery of phosphate deposits in the region and the introduction of the railroad soon increased the pace of life and a thriving port was built on the island s south end As the twentieth century dawned and the Florida boom loomed on the horizon the town of Boca Grande began to hum with the activity of a rapidly growing population Though much has changed through the years the little fishing village has vanished the estimable Boca Grande Hotel is gone and the once bustling port is now a state park much of the region s unique history continues to inform the modern landscape The venerable lighthouse constructed in 1890 now serves as a museum of local history and the grand Gasparilla Inn still stands firmly upon its original 1911 site Those who now call Boca Grande home cherish it for the same island magic that fishermen and railroad officials recognized long ago its unspoiled natural beauty inviting climate world class fishing and welcoming community
