Concise, accessible chapters unpack the phenomenon of popularity and offer exercises and worksheets that lead readers to a greater understanding of their values. Helpful advice and insightful prompts shape a path to self improvement. Kirkus Reviews. The goal: encourage and promote self awareness and help readers develop their own individual recipe for the right kind of popular. In four sections with lively chapters and insightful activities, teens will explore popularity, likeability, status, power, self esteem, relationships, influencers and much more. The expert authors reach readers with a voice that rings true by using science and stories to explain concepts and connecting teens to real world examples and even celebrities.
