Exam technique Masterclass

QC) Top tips for a 16 mark question:

How far did X change between the period _____ and _____?
You may use the following in your answer:

- Paragraph 1
- Paragraph 2

Your essay should follow the burger model and include PDBL paragraphs

Step 1 - Introduction using the words of the question. Background knowledge on the topic + a hint at your opinion (thesis statement).

Step 2 - Main body - 3-4 paragraphs on 2 factors relating the question. These should follow the PDBL structure and include specific detail and explanation.

Step 3 - Conclusion - explain your final judgement based on the evidence of your own knowledge and the sources.

- Each paragraph should begin with a clear signpost which tells the reader what your paragraph will be about. This is also the **PDBL** element of your factor e.g. One of the main reasons for Hitler's rise to power was his oratory skills.
- Support your point with **EVIDENCE**. Include **specific key details**, such as dates, names and places and remember to **EXPLAIN** and **LINK** back to the questions.
- **Explain** how the factor answers the question. If the question is causation tell me how your factor caused F rise/event/conflict. If the question is about impact, tell me how your factor had it impact on F. Again similar to QB there are **requirements for justifying your chosen evidence about the overall topic of the essay**.
- **Use** your factor back to the question. This is like a **one line summary/conclusion** e.g. Therefore Hitler's oratory skills were fundamental in his rise to power as it enabled him to garner an enormous amount of support and confidence of the German population which led to the NSDAP being the largest party in the government.
- Try to do a **balance of three paragraphs**. In total, 4 if you can (making sure you cover each side, though it does not matter if they are unequal).
- In the conclusion you **must** offer a **judgement which is supported by evidence**.

QA) Top tips for a 6 mark question:

Describe two features of the _____

Step 1 - Paragraph on one key feature of the event in question

Give evidence in the form of specific details and extend your explanation and descriptions as much as possible

Step 2 - Paragraph on a second key feature

Give evidence in the form of specific details and extend your explanation and descriptions as much as possible

- For **each key feature** you need evidence **that is specific and accurate**. This means key names, dates, places, statistics, etc.
- Make sure **your points are different enough** that they fulfil the criteria of '2 separate features'. Do not re-explain the same feature twice or pick something that could be seen as more or less the same as the first feature you picked.
- **Do not do a third feature** just to be safe. If the question asks for two, just do two well and use your time elsewhere.
- You **must** do **two features** to get **over half marks**.
- This question **does not require a conclusion**.
